NYLIAC Pinnacle Variable Universal Life and Survivorship Variable Universal Life are issued by New York Life Insurance and Annuity Corporation (A Delaware Corporation), 51 Madison Avenue, New York, NY 10010 and distributed by NYLIFE Distributors LLC, Member FINRA/SIPC.

New York Life Insurance and Annuity Corporation is a wholly-owned subsidiary of New York Life Insurance Company.

¹Performance reflects the percentage change for the period shown with capital gains and dividends reinvested and the deduction of portfolio investment management and operating expenses. It does not reflect the policy's sales expense charge, state and federal tax charge, monthly contract charge, per \$1,000 of face amount charge, mortality and expense risk charge and cost of insurance charges. Had these expenses been deducted, total returns would be lower. Consequently, the returns shown are greater than actual returns that would have been achieved under the policy during the periods shown.

The advisors to some of the Portfolios have assumed or reduced some of those Portfolios' fees and expenses. Had these expenses not been assumed or reduced, the total return for these Investment Divisions would have been lower.

²The Inception Date is the date the underlying portfolio was established, not the date the portfolio was added as an Investment Division to the Separate Account. NYLIAC Pinnacle VUL and NYLIAC Pinnacle SVUL were first introduced for sale on 6/11/01. For the period from the Inception Date, until June 11, 2001, values assume that the NYLIAC Pinnacle VUL and NYLIAC Pinnacle SVUL policies were available, which they were not.

³The Investment Divisions offered through NYLIAC Pinnacle VUL and NYLIAC Pinnacle SVUL are different from mutual funds that may have similar names but are available directly to the public. Investment results will differ.

⁴**An Investment in the MainStay VP Cash Management Portfolio is not insured nor guaranteed by the Federal Deposit Insurance Corporation or any other government agency and there can be no assurance that the Portfolio will be able to maintain a stable net asset value. Although the Portfolio seeks to preserve the value of your investment at \$1.00 per share, it is possible to lose money by investing in the Portfolio.** The current yield more closely reflects the portfolio's earnings than the total return figures shown.

We recommend that you obtain a personalized illustration which takes into account the amount of insurance purchased, complete charges and expenses under the policy, age, sex, and underwriting classification of the insured(s).

In most jurisdictions, NYLIAC Pinnacle VUL's policy form number is 300-80 and SVUL's policy form number is 300-81.
