<sup>2</sup> Assumes no deduction for contingent deferred sales charge.

<sup>3</sup> Risk Tolerances are assigned by New York Life. The Investment Divisions are grouped by risk classifications that reflect performance volatility based on Lipper classifications as of December 31, 2007. Lipper is a widely used independent research firm, which ranks mutual funds and other investment companies by overall performance, investment objectives and assets.

<sup>4</sup> The New York Life Premium Plus Elite Variable Annuity was first offered for sale on November 15, 2004. All of the Portfolios existed prior to that date. The performance for MainStay VP Fund, Inc. portfolios are based on the Initial Class Portfolio Inception Date (where applicable). The performance for all other funds is based on the Portfolio Inception Date reflected in this performance summary. All performance has been modified to reflect Separate Account and Fund annual expenses as if the policy had been available during the periods shown. The New York Life Premium Plus Elite Variable Annuity differs from many other variable annuity policies in that the Mortality and Expense Risk and Administrative Costs Charge (M&E) is calculated as a percentage of your Adjusted Premium Payments under the policy (excluding premiums allocated to the Fixed Account), rather than as percentage of Separate Account assets. Therefore, the 1.90% M&E charge is not reflected in the performance of the Investment Divisions, but will be deducted quarterly by reducing the number of Accumulation Units in the Investment Divisions you have selected. Since market performance is reflected through fluctuations in the value of an Accumulation Unit, owning fewer Accumulation Units over time will result in a gradual reduction in the value of the Policy, regardless of market performance, when compared to the result of a traditional charge structure. Please refer to your prospectus for more details. The New York Life Premium Plus Elite Variable Annuity invests in NYLIAC Variable Annuity Separate Account IV.

<sup>5</sup> Performance is calculated as of the initial date a deposit was received in the Investment Division.

<sup>6</sup> The S&P 500 Index is an unmanaged index and is widely regarded as the standard for measuring Large-Cap U.S. stock market performance. "S&P 500" is a trademark of the McGraw-Hill Companies, Inc. and has been licensed for use by the MainStay VP S&P 500 Index Portfolio. The MainStay VP S&P 500 Index Portfolio is not sponsored, endorsed, sold or promoted by Standard & Poor's and Standard and Poor's makes no representation regarding the advisability of investing in the MainStay VP S&P 500 Index Portfolio. Investors cannot invest directly in an Index.

**<sup>7</sup> An Investment in the MainStay VP Cash Management Portfolio is neither insured nor guaranteed by the Federal Deposit Insurance Corporation or any other government agency and there can be no assurance that the Portfolio will be able to maintain a stable net asset value. Although the Portfolio seeks to preserve the value of your investment at \$1.00 per share, it is possible to lose money by investing in the Portfolio. The current yield as of June 30, 2008 more closely reflects the Portfolio's earnings than the total return figures shown.**

<sup>8</sup> New Allocations to the Alger American SmallCap Growth Investment Division will not be accepted from Policyowners who were not invested in the Investment Division as of June 1, 2007. (formerly known as Alger American Small Capitalization)

<sup>9</sup> The MainStay VP Value - Service Class Portfolio merged with and into the MainStay VP ICAP Select Equity - Service Class Portfolio on May 16, 2008.

Historically, certain fees have been assumed or reduced by some of the portfolios. Had these expenses not been assumed or reduced, the total return for these Investment Divisions would have been lower.

This product is not available in all jurisdictions.

New York Life Premium Plus Elite Variable Annuity is a flexible premium deferred variable annuity issued by NYLIAC. Under this policy, we will apply a Credit to premiums paid in a percentage amount according to the credit rate schedule then in effect. Policies with a premium Credit may have higher fees and expenses, and may have longer surrender charge periods than policies that do not provide the Credit feature. There may be circumstances in which the purchase of a New York Life Premium Plus Elite Variable Annuity is less advantageous than the purchase of another New York Life variable annuity which may have lower fees but no credit. This may be the case, for example, if you intended to make fewer and smaller payments into the contract, or if you anticipate retaining the contract for a significant time beyond the surrender charge period.

Performance data quoted represents past performance. Past performance is no guarantee of future results. Due to market volatility, current performance may be lower or higher than the figures shown. The investment return and the accumulation value of your policy will fluctuate so that a policy, when surrendered may be worth more or less than the premium payment(s). For current to the most recent month-end performance information, please call 1-800-598-2019 or visit [www.newyorklife.com](http://www.newyorklife.com).

All performance reflects the percentage change for the period shown with capital gains and dividends reinvested. A policy service charge, equal to \$30 of the accumulation value of the policy, is not included in these charges, but will be deducted each year from the policy's accumulation value on the policy anniversary and upon surrender if the accumulation value is less than \$100,000. The performance shown, therefore, would be slightly lower if your policy's accumulation value is less than \$100,000. Performance "Assuming No Surrender" does not reflect the deduction of Surrender Charge(s) (SC). If reflected, the performance would be reduced. Performance "Assuming Surrender" reflects the maximum SC under the policy. The maximum SC for each premium payment is 8%, declining to 3% (or 1% for single premium policies) by the 10th year after that premium payment has been in the policy, with no charge thereafter. Withdrawals and surrenders may be taxable transactions, and prior to age 59½, may be subject to a 10% IRS penalty (the penalty tax is increased to 25% in the case of a distribution from a SIMPLE IRA within the first two years of your participation in the SIMPLE IRA plan). The Investment Divisions offered through the New York Life Premium Plus Elite Variable Annuity and described herein are different from mutual funds that may have similar names but are available directly to the general public. Investment results may differ.

*"It's not timing the market...it's time in the market"*

Performance data quoted represents past performance. Past performance is no guarantee of future results. Due to market volatility, current performance may be lower or higher than the figures shown. The investment return and the accumulation value of your policy will fluctuate so that a policy, when surrendered may be worth more or less than the premium payment(s). For current to the most recent month-end performance information, please call 1-800-598-2019 or visit [www.newyorklife.com](http://www.newyorklife.com).

All performance reflects the percentage change for the period shown with capital gains and dividends reinvested. A policy service charge, equal to \$30 of the accumulation value of the policy, is not included in these charges, but will be deducted each year from the policy's accumulation value on the policy anniversary and upon surrender if the accumulation value is less than \$100,000. The performance shown, therefore, would be slightly lower if your policy's accumulation value is less than \$100,000. Performance "Assuming No Surrender" does not reflect the deduction of Surrender Charge(s) (SC). If reflected, the performance would be reduced. Performance "Assuming Surrender" reflects the maximum SC under the policy. The maximum SC for each premium payment is 8%, declining to 3% (or 1% for single premium policies) by the 10th year after that premium payment has been in the policy, with no charge thereafter. Withdrawals and surrenders may be taxable transactions, and prior to age 59½, may be subject to a 10% IRS penalty (the penalty tax is increased to 25% in the case of a distribution from a SIMPLE IRA within the first two years of your participation in the SIMPLE IRA plan). The Investment Divisions offered through the New York Life Premium Plus Elite Variable Annuity and described herein are different from mutual funds that may have similar names but are available directly to the general public. Investment results may differ.
