

New York Life Premier Variable Annuity Performance Summary - Premium Based M&E Charge Structure
as of February 28, 2010

To obtain a copy of the product and funds prospectuses, please contact your NYLIFE Securities LLC Registered Representative or call 1-800-598-2019. Investors are asked to consider the investment objectives, risks, charges and expenses of the investment carefully before investing. Both the product prospectus and the underlying fund prospectuses contain this and other information about the product and underlying investment options. Please read the prospectuses carefully before investing.

¹ The performance shown is for the indicated classes/shares only. These classes/shares impose a 12b-1 fee (except CVS Calvert Social Balanced Portfolio, MainStay VP Cash Management, Royce Micro-Cap Portfolio - Investment Class, Royce Small-Cap Portfolio - Investment Class and Van Eck Worldwide Hard Assets Fund). Performance for these classes/shares are lower than the returns for those classes/shares that do not impose a 12b-1 fee. Contact your NYLIFE Securities LLC Registered Representative or call 1-800-598-2019 for more information.

² Assumes no deduction for contingent deferred sales charge.

³ Risk Tolerances are assigned by New York Life. The Investment Divisions are grouped by risk classifications that reflect performance volatility based on Lipper classifications as of December 31, 2008. Lipper is a widely used independent research firm, which ranks mutual funds and other investment companies by overall performance, investment objectives and assets.

⁴ The New York Life Premier Variable Annuity was first offered for sale on June 27, 2009. All of the Portfolios existed prior to that date. The performance for MainStay VP Series Fund, Inc. portfolios are based on Initial Class Portfolio Inception Date (where applicable). The performance for all other investment divisions is based on the Portfolio Inception Date reflected in this performance summary. All performance has been modified to reflect Separate Account and Fund annual expenses as if the policy had been available during the periods shown. The New York Life Premier Plus Variable Annuity - Premium Based M&E Charge Structure differs from many other variable annuity policies in that the Mortality and Expense Risk and Administrative Costs Charge (M&E) is calculated as a percentage of your Adjusted Premium Payments under the policy (excluding premiums allocated to the Fixed Account), rather than as percentage of Separate Account assets. Therefore, the 1.55% M&E charge is not reflected in the performance of the Investment Divisions, but will be deducted quarterly by reducing the number of Accumulation Units in the Investment Divisions you have selected. Since market performance is reflected through fluctuations in the value of an Accumulation Unit, owning fewer Accumulation Units over time will result in a gradual reduction in the value of the Policy, regardless of market performance, when compared to the result of a traditional charge structure. Please refer to your prospectus for more details. This version of the New York Life Premier Premium Variable Annuity invests in the New York Life Insurance and Annuity Corporation (NYLIAC) Separate Account IV.

⁵ Performance is calculated as of the initial date a deposit was received in the Investment Division.

⁶ Formerly MainStay VP Capital Appreciation Portfolio

⁷ On November 20, 2009, the MainStay VP Mid Cap Growth Portfolio merged with and into the MainStay VP Mid Cap Core Portfolio; the MainStay VP Mid Cap Value Portfolio merged with and into the MainStay VP ICAP Select Equity Portfolio; and the MainStay VP Small Cap Growth Portfolio merged with and into the MainStay VP U.S. Small Cap Portfolio (formerly MainStay VP Developing Growth Portfolio)

⁸ The S&P 500 Index is an unmanaged index and is widely regarded as the standard for measuring Large-Cap U.S. stock market performance. "S&P 500" is a trademark of the McGraw-Hill Companies, Inc. and has been licensed for use by the MainStay VP S&P 500 Index Portfolio. The MainStay VP S&P 500 Index Portfolio is not sponsored, endorsed, sold or promoted by Standard & Poor's and Standard and Poor's makes no representation regarding the advisability of investing in the MainStay VP S&P 500 Index Portfolio. Investors cannot invest directly in an Index.

⁹ Formerly MainStay VP Total Return Portfolio

¹⁰ **An Investment in the MainStay VP Cash Management Portfolio is neither insured nor guaranteed by the Federal Deposit Insurance Corporation or any other government agency and there can be no assurance that the Portfolio will be able to maintain a stable net asset value. Although the Portfolio seeks to preserve the value of your investment at \$1.00 per share, it is possible to lose money by investing in the Portfolio. The current yield as of February 28, 2010 more closely reflects the Portfolio's earnings than the total return figures shown.**

Historically, certain fees have been assumed or reduced by some of the portfolios. Had these expenses not been assumed or reduced, the total return for these Investment Divisions would have been lower.

This product is not available in all jurisdictions.

"It's not timing the market...it's time in the market"

Performance data quoted represents past performance. Past performance is no guarantee of future results. Due to market volatility, current performance may be lower or higher than the figures shown. The investment return and the Accumulation Value of your policy will fluctuate so that a policy, when surrendered may be worth more or less than the premium payment(s). For current to the most recent month-end performance information, please call 1-800-598-2019 or visit www.newyorklife.com.

All performance reflects the percentage change for the period shown with capital gains and dividends reinvested. A policy service charge of \$30 is not included in these charges, but will be deducted each year from the policy's Accumulation Value on the policy anniversary and upon surrender if on that date the Accumulation Value is less than \$100,000. The performance shown, therefore, would be slightly lower if your policy's Accumulation Value is less than \$100,000. Performance "Assuming No Surrender" does not reflect the deduction of Surrender Charges (SC). If reflected, the performance would be reduced. Performance "Assuming Surrender" reflects the maximum SC under the policy. The maximum SC for each premium payment is 8%, declining to 2% by the 7th year after that premium payment has been in the policy, with no surrender charge thereafter. Withdrawals and surrenders may be taxable transactions, and prior to age 59½, may be subject to a 10% IRS penalty (the penalty tax is increased to 25% in the case of a distribution from a SIMPLE IRA within the first two years of your participation in the SIMPLE IRA plan). The Investment Divisions offered through the New York Life Premier Variable Annuity and described herein are different from mutual funds that may have similar names but are available directly to the general public. Investment results may differ.

"It's not timing the market...it's time in the market"

Performance data quoted represents past performance. Past performance is no guarantee of future results. Due to market volatility, current performance may be lower or higher than the figures shown. The investment return and the Accumulation Value of your policy will fluctuate so that a policy, when surrendered may be worth more or less than the premium payment(s). For current to the most recent month-end performance information, please call 1-800-598-2019 or visit www.newyorklife.com.

All performance reflects the percentage change for the period shown with capital gains and dividends reinvested. A policy service charge of \$30 is not included in these charges, but will be deducted each year from the policy's Accumulation Value on the policy anniversary and upon surrender if on that date the Accumulation Value is less than \$100,000. The performance shown, therefore, would be slightly lower if your policy's Accumulation Value is less than \$100,000. Performance "Assuming No Surrender" does not reflect the deduction of Surrender Charges (SC). If reflected, the performance would be reduced. Performance "Assuming Surrender" reflects the maximum SC under the policy. The maximum SC for each premium payment is 8%, declining to 2% by the 7th year after that premium payment has been in the policy, with no surrender charge thereafter. Withdrawals and surrenders may be taxable transactions, and prior to age 59½, may be subject to a 10% IRS penalty (the penalty tax is increased to 25% in the case of a distribution from a SIMPLE IRA within the first two years of your participation in the SIMPLE IRA plan). The Investment Divisions offered through the New York Life Premier Variable Annuity and described herein are different from mutual funds that may have similar names but are available directly to the general public. Investment results may differ.
