New York Life Insurance and Annuity Corporation ("NYLIAC") CorpExec Series Variable Universal Life Insurance ("CEVUL") policies are issued by New York Life Insurance and Annuity Corporation (A Delaware Corporation). NYLIAC CEVUL policies are distributed by NYLIFE Distributors LLC Member FINRA/SIPC. NYLIAC & NYLIFE Distributors LLC are wholly owned subsidiaries of New York Life Insurance Company, 51 Madison Avenue, New York, NY 10010.

The following summaries display the monthly & quarterly Average Annual Total Returns of each Investment Division offered within NYLIAC CEVUL II-VI policies. These performance figures reflect investment management fees and direct operating expenses of the Investment Divisions. They do not reflect mortality and expense risk charges, cost of insurance charges, monthly contract charges, sales expense charges, or state and federal premium tax charges. If these charges were reflected, the returns would be significantly lower. We recommend that you obtain a personalized illustration which takes into account the amount of insurance purchased, complete fees and charges under the policy, gender, age and underwriting classification of the insured.

*Performance data shown represents past performance and is no guarantee of future results. The investment returns and the accumulation value of your policy will fluctuate so that your policy, if surrendered, may be worth more or less than the original cost. Performance reflects the percentage change for the period shown with capital gains and dividends reinvested. Visit [www.NewYorkLife.com](http://www.NewYorkLife.com) to obtain performance data current to the most recent month-end. Due to market volatility, current performance may be more or less than the figures shown. Equity investments have been volatile historically. Fixed Income investments fluctuate in value in response to interest rate changes.*

Fund performance which predates the inception date of the Separate Account is hypothetical in the sense that any such fund's record predates the inception date of the policy. □

The advisers to some of the Portfolios have assumed or reduced some of those Portfolios' management fees and expenses. Had these expenses not been assumed or reduced, the total returns for these Portfolios would have been significantly lower.

The returns should be considered in light of the investment objectives and policies, characteristics and quality of the Portfolio in which the Investment Division invests and the market conditions during the given time period, and should not be considered as a representation of what may be achieved in the future. The Cash Value of your policy will depend on a number of factors, including the allocations among Investment Divisions and the different investment rates of return for the Investment Divisions. The portfolio inception dates vary, as reflected by the dates in the summary. For the period from the inception date, until the policy's introduction, the performance summary assumes that NYLIAC CEVUL II-VI policies were available, which they were not.

NYLIAC CEVUL II, III, IV, and V policies are no longer offered for sale. NYLIAC CEVUL VI policies are currently available for sale.

<sup>1</sup> The values shown are unaudited.

<sup>2</sup> Values in these columns represent the total percentage change of the Investment Division for the period indicated. This is not an annual return value.

<sup>3</sup> The Investment Divisions offered through NYLIAC CEVUL II-VI policies are different from mutual funds that may have similar names but are available directly to the general public. Investment results may differ.

<sup>4</sup> Portfolio Inception Date

<sup>5</sup> The Risk Levels are based on an analysis of 10-Year Average Standard Deviations (10-Year ASD) of the Lipper Inc. investment company categories in which the Investment Divisions reside. The Risk Levels are defined by Lipper benchmarks which are assigned Low, Moderate, High and Highest grades based on their 10-Year ASD as of 12/31/2010. The Risk Levels are analyzed and updated on at least an annual basis. Lipper Inc. is a widely recognized independent research firm which ranks mutual funds and other investment companies by overall performance, investment objectives and assets.

<sup>6</sup> Management Net Portfolio Expenses as determined by the fund family.

<sup>7</sup> **An investment in the MainStay VP Cash Management or the Fidelity® VIP Money Market portfolios are not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. Although these Investment Divisions seek to preserve the value of your investment at \$1.00 per unit, it is possible to lose**

In most jurisdictions, the NYLIAC CEVUL II-V policy form number is 300-40 and the NYLIAC CEVUL VI policy form number is 307-43. In the State of Oregon, the NYLIAC CEVUL II-V policy form number is 300-40.27 and the NYLIAC CEVUL VI policy form number is 307-43.27.
