(a) Included in the above table are amounts of deposit-type contracts that originally contained a mortality risk. Amounts of deposit-type contracts in Column 2 that no longer contain a mortality risk are Life Insurance \$ ..... ; Annuities \$ ..... ; Supplementary Contracts with Life Contingencies \$ ..... ; Accidental Death Benefits \$ ..... ; Disability - Active Lives \$ ..... ; Disability - Disabled Lives \$ ..... ; Miscellaneous Reserves \$ .....

\* Since more than one valuation standard may apply to a Group Annuity or Group Paid-Up Life policy, the years of issue have not been indicated.

ANNUAL STATEMENT FOR THE YEAR 2022 OF THE NEW YORK LIFE INSURANCE COMPANY

EXHIBIT 5 - INTERROGATORIES

1.1

Has the reporting entity ever issued both participating and non-participating contracts?

Yes [ X ] No [ ]

1.2

If not, state which kind is issued.

2.1

Does the reporting entity at present issue both participating and non-participating contracts?

Yes [ X ] No [ ]

2.2

If not, state which kind is issued.

3.

Does the reporting entity at present issue or have in force contracts that contain non-guaranteed elements?

Yes [ X ] No [ ]

If so, attach a statement that contains the determination procedures, answers to the interrogatories and an actuarial opinion as described in the instructions.

4.

Has the reporting entity any assessment or stipulated premium contracts in force?

Yes [ ] No [ X ]

If so, state:

4.1

Amount of insurance?

\$

4.2

Amount of reserve?

\$

4.3

Basis of reserve:

4.4

Basis of regular assessments:

4.5

Basis of special assessments:

4.6

Assessments collected during the year

\$

5.

If the contract loan interest rate guaranteed in any one or more of its currently issued contracts is less than 5%, not in advance, state the contract loan rate guarantees on any such contracts.

None

6.

Does the reporting entity hold reserves for any annuity contracts that are less than the reserves that would be held on a standard basis?

Yes [ X ] No [ ]

6.1

If so, state the amount of reserve on such contracts on the basis actually held:

\$6,724,415,155

6.2

That would have been held (on an exact or approximate basis) using the actual ages of the annuitants; the interest rate(s) used in 6.1; and the same mortality basis used by the reporting entity for the valuation of comparable annuity benefits issued to standard lives. If the reporting entity has no comparable annuity benefits for standard lives to be valued, the mortality basis shall be the table most recently approved by the state of domicile for valuing individual annuity benefits:

\$8,320,823,465

Attach statement of methods employed in their valuation.

7.

Does the reporting entity have any Synthetic GIC contracts or agreements in effect as of December 31 of the current year?

Yes [ X ] No [ ]

7.1

If yes, state the total dollar amount of assets covered by these contracts or agreements

\$5,204,335,001

7.2

Specify the basis (fair value, amortized cost, etc.) for determining the amount:

Market Value

7.3

State the amount of reserves established for this business:

\$14,524,786

7.4

Identify where the reserves are reported in the blank:

Page 3 Line 25

8.

Does the reporting entity have any Contingent Deferred Annuity contracts or agreements in effect as of December 31 of the current year?

Yes [ ] No [ X ]

8.1

If yes, state the total dollar amount of account value covered by these contracts or agreements:

\$

8.2

State the amount of reserves established for this business:

\$

8.3

Identify where the reserves are reported in the blank:

9.

Does the reporting entity have any Guaranteed Lifetime Income Benefit contracts, agreements or riders in effect as of December 31 of the current year?

Yes [ ] No [ X ]

9.1

If yes, state the total dollar amount of any account value associated with these contracts, agreements or riders:

\$

9.2

State the amount of reserves established for this business:

\$

9.3

Identify where the reserves are reported in the blank:

NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies and Going Concern

A. The accompanying financial statements of New York Life Insurance Company (“the Company”) have been prepared using accounting practices prescribed by the New York State Department of Financial Services (“NYSDFS” or “the Department”).

The Department recognizes only statutory accounting practices prescribed or permitted by the State of New York for determining and reporting the financial position and results of operations of an insurance company and for determining its solvency under New York Insurance Law. The National Association of Insurance Commissioners’ (“NAIC”) Accounting Practices and Procedures Manual (“NAIC SAP”) has been adopted as a component of prescribed practices by the State of New York. Prescribed statutory accounting practices include state laws and regulations. Permitted statutory accounting practices encompass accounting practices that are not prescribed; such practices differ from state to state, may differ from company to company within a state, and may change in the future. The Company has no permitted practices.

A reconciliation of the Company’s net income and capital and surplus at December 31, 2022 and 2021 between practices prescribed or permitted by the State of New York and NAIC SAP is shown below:

\* NYSDFS Regulation 213 subjects principle-based valuations as prescribed by the valuation manual to minimum New York State requirements; NYSDFS Regulation 151 prescribes rules and guidelines for performing valuations of annuity, single premium life insurance, guaranteed interest contract and other deposit reserves.

\*\* NYSDFS Circular Letter No. 11 (2010) clarified the accounting for deferred premium assets when reinsurance is involved.

\*\*\* NYSDFS Regulation 172 was amended to allow for the admission of an unearned reinsurance premium asset.

B. The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements. Management is also required to disclose contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results may differ from those estimates.

C. Life premiums are recognized as revenue when due. Annuity considerations are recognized as revenue when received. Commissions and other costs associated with acquiring new business are charged to operations as incurred. Premiums on guaranteed interest contracts (“GICs”) with purchase rate guarantees, which introduce an element of mortality risk, are recorded as income when received. Amounts received or paid under deposit type contracts without mortality or morbidity risk are not reported as income or benefits but are recorded directly as an adjustment to the liability for deposit funds.

Policy reserves are based on mortality tables and valuation interest rates, which are consistent with statutory requirements and are designed to be sufficient to provide for contractual benefits. The Company holds reserves greater than those developed under the minimum statutory reserving rules when the valuation actuary determines that the minimum statutory reserves are inadequate.

The Company has established policy reserves on contracts issued January 1, 2001 and later that exceed the minimum amounts determined under Appendix A-820, “Minimum Life and Annuity Reserve Standards” of NAIC SAP by approximately \$944,970,435.

The liability for dividends to policyholders consists principally of dividends expected to be paid during the subsequent year. The allocation of dividends is approved annually by the Board of Directors and is determined by means of formulas, which reflect the relative contribution of each group of policies to divisible surplus.

In addition, the Company uses the following accounting policies:

(1) Cash and cash equivalents includes cash on hand, amounts due from banks and highly liquid debt instruments that have original maturities of three months or less at date of purchase and are carried at amortized cost. Cash and cash equivalents also include money market mutual funds which are stated at fair value. Short-term investments consist of securities with remaining maturities of one year or less, but greater than three months at the time of acquisition and are carried at amortized cost, which approximates fair value.

## NOTES TO FINANCIAL STATEMENTS

- (2) Bonds are stated at amortized cost using the interest method. Bonds in or near default (rated NAIC 6) are stated at the lower of amortized cost or fair value. The cost basis of bonds is adjusted for impairments in value deemed to be other-than-temporary, with the difference between the bond's amortized cost and its fair value recognized as a realized loss reported in net income. The new cost basis of an impaired bond is not adjusted for subsequent increases in estimated fair value. In periods subsequent to the recognition of an other-than-temporary impairment ("OTTI"), the impaired bond is accounted for as if it had been purchased on the measurement date of the impairment. SVO-Identified bond Exchange Traded Funds ("ETFs") are stated at fair value and reported as bonds if they meet certain criteria stipulated by the NYSDFS. Refer to Note 20 - Fair Value Measurements for discussion on the valuation approach and methods for bonds.
- (3) Unaffiliated common stocks are carried at fair value. Unrealized gains and losses are reflected in surplus, net of deferred taxes. The cost basis of common stocks is adjusted for impairments in value deemed to be other-than-temporary, with the difference between the common stock's cost and its fair value recognized as a realized loss reported in net income. Refer to Note 20 - Fair Value Measurements for a discussion on the valuation approach and methods for common stocks.
- (4) Redeemable preferred stocks in "good standing" (NAIC designation of 1 to 3) are valued at amortized cost. Redeemable preferred stocks "not in good standing" (NAIC designation of 4 to 6) are valued at the lower of amortized cost or fair value. Perpetual preferred stock and mandatory convertible preferred stock are valued at fair value, not to exceed any currently effective call price. The cost basis of preferred stocks is adjusted for impairments in value deemed to be other-than-temporary, with the difference between the preferred stock's amortized cost and its fair value recognized as a realized loss reported in net income. Refer to Note 20 - Fair Value Measurements for discussion on the valuation approach and methods for preferred stocks.
- (5) Mortgage loans on real estate are carried at unpaid principal balances, net of discounts, premiums, deferred origination fees related to points, and specific valuation allowances, and are collateralized. Specific valuation allowances are established for the excess carrying value of the mortgage loan over the estimated fair value of the collateral as an unrealized loss in surplus when it is probable that based on current information and events, the Company will be unable to collect amounts due under the contractual terms of the loan agreement. Fair value of the collateral is estimated by performing an internal or external current appraisal. If impairment is deemed to be other-than-temporary, which can include a loan modification that qualifies as a troubled debt restructuring ("TDR"), a direct write-down is recognized as a realized loss reported in net income, and a new cost basis for the individual mortgage loan, which is equal to the fair value of the collateral, less costs to obtain and sell, is established. Refer to Note 20 - Fair Value Measurements for a discussion of the valuation approach and methods for mortgage loans.

Real estate includes properties that are directly-owned and real estate property investments that are directly and wholly-owned through a limited liability company and meet certain criteria. Real estate held for the production of income and home office properties are stated at cost less accumulated depreciation and encumbrances. Real estate held for sale is stated at the lower of cost less accumulated depreciation or fair value, less encumbrances and estimated costs to sell. If there is an indication that the carrying amount of the real estate may not be recoverable, then it must be tested for impairment. If the carrying amount of a real estate investment exceeds its undiscounted cash flows, an OTTI is recorded as a realized loss in net income, calculated as the difference between the carrying amount of the real estate investment and the fair value of the real estate investment. Depreciation of real estate held for the production of income and home office properties is calculated using the straight-line method over the estimated lives of the assets, generally 40 years. Costs of permanent improvements are depreciated over the shorter of their estimated useful life, or the remaining estimated life of the real estate. Rental revenue from leased real estate is recognized on a straight-line basis over the lease term.

- (6) The interest method for loan-backed and structured securities, which are included in bonds, uses current assumptions of projected cash flows. Amortization of premium or accretion of discount from the purchase of these securities considers the estimated timing and amount of cash flows of the underlying loans, including prepayment assumptions based on data obtained from external sources or internal estimates. Projected future cash flows are updated monthly, and the amortized cost and effective yield of the securities are adjusted as necessary to reflect historical prepayment experience and changes in estimated future prepayments. For high credit quality loan-backed and structured securities backed by the government and high credit quality adjustable rate mortgage loan-backed securities (those rated AA or above at the date of acquisition), the adjustments to amortized cost are recorded as a charge or credit to net investment income in accordance with the retrospective method. For all other securities, including all loan-backed and structured securities that are not of high credit quality (those rated below AA at date of acquisition), certain floating rate securities and securities with the potential for a loss of a portion of the original investment due to contractual prepayments (e.g., interest only securities), the effective yield is adjusted prospectively for any changes in estimated cash flows. Refer to Note 20 - Fair Value Measurements, for discussion on the valuation approach and methods for bonds.

The cost basis of loan-backed and structured securities is adjusted for impairments in value that are deemed to be other-than-temporary. An other-than-temporary loss is recognized in net income when it is anticipated that the amortized cost will not be recovered. For loan-backed and structured securities, the entire difference between the security's amortized cost and its fair value is recognized in net income only when the Company (a) has the intent to sell the security or (b) it does not have the intent and ability to hold the security to recovery. If neither of these two conditions exists, a realized loss is recognized in net income for the difference between the amortized cost basis of the security and the net present value of projected future cash flows expected to be collected. The net present value is calculated by discounting the Company's best estimate of projected future cash flows at the effective interest rate implicit in the loan-backed or structured security prior to impairment.

The new cost basis of an impaired security is not adjusted for subsequent increases in estimated fair value. In periods subsequent to the recognition of an other-than-temporary impairment ("OTTI"), the impaired bond security is accounted for as if it had been purchased on the measurement date of the impairment. Accordingly, the discount (or reduced premium) based on the new cost basis may be accreted (or amortized) into net investment income in future periods based on prospective changes in cash flow estimates, to reflect adjustments to the effective yield.

- (7) Investments in subsidiaries are stated as follows: (1) domestic insurance subsidiaries are stated at the value of their underlying U.S. statutory surplus; (2) foreign insurance subsidiaries that have U.S. GAAP audits, are stated at U.S. GAAP equity adjusted for certain assets that are disallowed under statutory accounting practices, otherwise the investment is nonadmitted; (3) non-insurance subsidiaries are carried at U.S. GAAP equity unless they are engaged in certain transactions that are for the benefit of the Company or its affiliates and receive 20% or more of their revenue from the Company or its affiliates. In this case, non-insurance subsidiaries are carried at U.S. GAAP equity adjusted for the same items as foreign insurance subsidiaries; (4) all other assets and liabilities in a downstream holding company are accounted for in accordance with the appropriate NAIC SAP guidance. Dividends and distributions from subsidiaries are recorded as a component of net investment income when declared and changes in the equity of subsidiaries (both in the form of common stock and limited liability companies ("LLCs")) are recorded as unrealized gains or losses in surplus, net of deferred taxes. In the absence of an admissible audit, the entire investment is nonadmitted.
- (8) Limited partnerships and limited liability companies which have admissible audits are carried at the underlying audited equity of the investee. The financial statements of equity method investees are usually not received in time for the Company to apply the equity method at each reporting period. Therefore, the equity pick-up on these investments has been recorded on a one to three-month lag.

The new cost basis of an impaired limited partnership or limited liability company is not adjusted for subsequent increases in the underlying audited equity of the investee.

NOTES TO FINANCIAL STATEMENTS

Dividends and distributions from limited partnerships and limited liability companies, other than those deemed a return of capital, are recorded in net investment income. Undistributed earnings are included in unrealized gains and losses and are reflected in surplus, net of deferred taxes.

Low-Income Housing Tax Credit ("LIHTC") investments, which are included in other invested assets, are recorded at proportional amortized cost and include remaining unfunded commitments. The carrying value of the investment is amortized into income in proportion to the actual and projected future amounts of tax credits and deductible losses. The amortization is recorded through net investment income.

- (9) Derivative instruments that qualify and are designated for hedge accounting are valued in a manner consistent with the items being hedged. Periodic payments and receipts on these derivatives are recorded on an accrual basis within net investment income for hedges of fixed income securities, other income for hedges of liabilities, and net realized capital gains and losses for hedges of net investments in foreign operations. Net realized gains and losses are recognized upon termination or maturity of these contracts in a manner consistent with the hedged item and when subject to the IMR, are transferred to the IMR, net of taxes.

Derivative instruments that do not qualify or are not designated for hedge accounting are carried at fair value and changes in fair value are recorded in surplus as unrealized gains and losses, net of deferred taxes. Periodic payments and receipts on these derivatives are recorded on an accrual basis within net investment income for hedges of fixed income securities and within other income for hedges of liabilities. Upon termination or maturity the gains or losses on these contracts are recognized in net realized capital gains and losses, net of taxes. Realized gains or losses on terminated or matured derivatives, which are subject to the IMR, are transferred to the IMR, net of taxes.

The Company also uses derivatives as part of replication transactions. Replication transactions refer to derivative transactions entered into in conjunction with other investments in order to reproduce the investment characteristics of otherwise permissible investments. The accounting for derivatives used in replication transactions depends upon how the underlying cash instrument is accounted for, as well as how the replicated asset would be accounted for if acquired directly; alternatively, the Company can elect to carry the derivative at fair value. The Company uses bonds as the referenced cash instrument in its current replication transactions, and therefore, the derivatives are carried at amortized cost. The Company accrues investment income for the replicated synthetic asset throughout the life of the replication transaction. Realized gains or losses at maturity of the replication transaction, which are subject to the IMR, are transferred to the IMR, net of tax.

- (10) The Company anticipates investment income as a factor in the premium deficiency calculation for certain long-term care policies in accordance with SSAP No. 54, "*Individual and Group Accident and Health Policies*". Premium deficiency calculations do not apply to the Company's other accident and health products.
- (11) Unpaid losses and loss adjustment expenses for accident and health contracts include an amount determined from individual case estimates and loss reports and an amount, based on past experience, for losses incurred but not reported. Such liabilities are based on assumptions and estimates and while management believes the amount is adequate, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates and for establishing the resulting liabilities are continually reviewed and any adjustments are reflected in the period determined.
- (12) The Company has not changed its capitalization policy from the prior year.
- (13) The Company does not have any pharmaceutical rebates receivable.

D. Going Concern

The Company does not have any doubt about its ability to continue as a going concern.

2. Accounting Changes and Corrections of Errors

Changes in Accounting Principles

Accounting changes adopted to conform to the provisions of NAIC SAP or other state prescribed accounting practices are reported as changes in accounting principles. The cumulative effect of changes in accounting principles is generally reported as an adjustment to unassigned surplus in the period of the change in accounting principle. Generally, the cumulative effect is the difference between the amount of capital and surplus at the beginning of the year and the amount of capital and surplus that would have been reported at that date if the new accounting principles had been applied retroactively for all prior periods. There were no significant accounting changes in 2022 or 2021 that impacted surplus.

The NAIC adopted revisions to SSAP 43R "Loan-Backed and Structured Securities" to require residual tranches of securitizations to be reported as other invested assets at the lower of cost or market. Residual tranches have been defined under SSAP 43R as those investments in a securitization that have no contractual payments, whether principal or interest, or both and where payment to the holders of the instruments only occurs after contractual interest and principal payments have been made to the other tranches in the securitization based on any remaining funds. The Company adopted this guidance at December 31, 2022 and reclassified residual tranches with a book value of \$73 million from Bonds to Other invested assets. The reclassification had no impact on income or surplus.

The NAIC adopted revisions to SSAP 25 "Affiliates and Other Related Parties" in 2022 to clarify that for entities not controlled by voting interests, such as limited partnerships, trusts and other special purpose entities, control may be held by a general partner, servicer, or by other arrangements. The ability of the reporting entity or its affiliates to direct the management and policies of an entity through such arrangements shall constitute control as defined in SSAP 25. Updates were also adopted in SSAP 43R to clarify that investments from any arrangement that results in direct or indirect control of an investee, which include but are not limited to control through a servicer or other controlling arrangement, shall be reported as affiliated in accordance with SSAP 25. The Company invests in asset-backed securities issued by securitization vehicles that are managed by its asset management affiliates. These investments do not have any credit risk exposure to affiliates, but are now reported as affiliated investments in the investment schedules. Reporting these investments as affiliated had no impact on the Company's income or surplus.

The NAIC adopted revisions to SSAP 32 "Preferred Stock." The revisions include definitions, measurement and impairment guidance. The revisions require perpetual preferred stock and mandatory convertible preferred stock to be reported at fair value, not to exceed any current effective call price, among other changes. The Company adopted this guidance on January 1, 2021, which increased statutory surplus by \$21,471,752.

Prior Period Corrections

Not Applicable.

NOTES TO FINANCIAL STATEMENTS

3. Business Combinations and Goodwill

A. Statutory Purchase Method

On December 31, 2020 (the "acquisition date"),the Company acquired Cigna's group life and group disability insurance business, now named New York Life Group Benefit Solutions ("GBS"), which is comprised of two insurance companies through which the business is primarily conducted, Life Insurance Company of North America ("LINA") and New York Life Group Insurance Company of NY ("NYLGICNY").

At the acquisition date, the Company paid total initial consideration of \$6,308,700,000 to Cigna which was subject to the Company's review of assets and liabilities transferred based on the purchase and sale agreement between the Company and Cigna. The cost of acquisition of \$6,308,700,000 was reduced by \$59,097,450 in 2021, which resulted in a corresponding decrease in goodwill. The purchase price was finalized in March 2022 and resulted in an additional \$55,000,000 decrease in goodwill.

The following table represents goodwill generated under the statutory purchase method of accounting:

| Purchased Entity                            | Acquisition Date  | Cost of Acquired Entity | Original Amount of Goodwill | Original Amount of Admitted Goodwill | Admitted Goodwill as of the Reporting Date | Amount of Goodwill Amortized During the Reporting Period | Book Value of SCA | Admitted Goodwill as a % of Book Adjusted Carrying Value, Gross of Admitted Goodwill |
|---------------------------------------------|-------------------|-------------------------|-----------------------------|--------------------------------------|--------------------------------------------|----------------------------------------------------------|-------------------|--------------------------------------------------------------------------------------|
| Life Insurance Company of North America     | December 31, 2020 | \$5,974,793,208         | \$4,101,037,417             | \$1,931,888,141                      | \$1,865,645,423                            | \$404,237,075                                            | \$1,652,803,016   | 113%                                                                                 |
| New York Life Group Insurance Company of NY | December 31, 2020 | 219,809,342             | 126,123,800                 | 126,123,800                          | 97,087,896                                 | 13,761,007                                               | 159,689,186       | 61%                                                                                  |
| Stone Ridge Holdings Group LLC              | January 3, 2017   | 150,000,000             | 132,038,420                 | 132,038,420                          | 52,815,368                                 | 13,203,842                                               | 98,227,185        | 54%                                                                                  |

B. Statutory Merger

Not applicable.

C. Assumption Reinsurance

Not applicable.

D. Impairment Loss

Not applicable.

E. Subcomponents and Calculation of Adjusted Surplus and Total Admitted Goodwill

As required under NAIC SAP, goodwill is limited in the aggregate to 10% of the acquiring entity's capital and surplus, adjusted to exclude any net positive goodwill, electronic database processing equipment and operating system software, and net deferred tax assets. The table below shows the calculation of the Company's adjusted surplus for purposes of the goodwill admissibility calculation:

|                                                                                          | Calculation of Limitation Using Prior Quarter Numbers | Current Reporting Period |
|------------------------------------------------------------------------------------------|-------------------------------------------------------|--------------------------|
| (1) Capital and surplus                                                                  | \$ 23,931,091,941                                     | xxx                      |
| Less:                                                                                    |                                                       |                          |
| (2) Admitted positive goodwill                                                           | 2,030,467,281                                         | xxx                      |
| (3) Admitted EDP equipment and operating system software                                 | 23,887,647                                            | xxx                      |
| (4) Admitted net deferred taxes                                                          | 1,721,250,139                                         | xxx                      |
| (5) Adjusted capital and surplus                                                         | 20,155,486,874                                        | xxx                      |
| (6) Limitation on amount of goodwill (adjusted capital and surplus times 10%)            | 2,015,548,687                                         | xxx                      |
| (7) Current period reported admitted goodwill                                            | xxx                                                   | 2,015,548,687            |
| (8) Current period admitted goodwill as a % of prior period adjusted capital and surplus | xxx                                                   | 10 %                     |

4. Discontinued Operations

Not applicable.

5. Investments

A. Mortgage Loans, including Mezzanine Real Estate Loans

- (a) The maximum and minimum lending rates for new commercial mortgage loans funded during 2022 were 7.84% and 2.27%, respectively. There were no residential mortgage loans funded during 2022.

NOTES TO FINANCIAL STATEMENTS

- (b) For 2022, the maximum percentage of any one commercial loan to the value of the collateral at the time of the loan, exclusive of insured or guaranteed or purchase money mortgages, was 92.4% (current average percentage was 54.1%). For 2022, the maximum percentage of any residential loan to the value of the collateral at the time of the loan was 80.0% (current average percentage was 25.2%).
- (c) Taxes, assessments and any amounts advanced and not included in the mortgage loan total were \$132,891 and \$132,370 for the years ended December 31, 2022 and 2021, respectively.
- (d) Age analysis of mortgage loans and identification of mortgage loans in which the insurer is a participant or co-lender in a mortgage loan agreement:

|                                                          | Farm | Residential |              | Commercial |                  | Mezzanine      | Total            |
|----------------------------------------------------------|------|-------------|--------------|------------|------------------|----------------|------------------|
|                                                          |      | Insured     | All Other    | Insured    | All Other        |                |                  |
| a. Current Year                                          |      |             |              |            |                  |                |                  |

| d. Receivables recognized from a government guarantee of the foreclosed mortgage loan | \$ —              |

(i) The Company accrues interest income on mortgage loans to the extent it is deemed collectible. The Company places loans on non-accrual status, and ceases to recognize interest income when management determines that the collection of interest and repayment of principal is not probable. Any accrued but uncollected interest is reversed out of interest income once a loan is put on non-accrual status. Interest payments received on mortgage loans where interest payments have been deemed uncollectible are recognized on a cash basis and recorded as interest income. If a determination is made that the principal will not be collected, the interest payment received is used to reduce the principal balance. If a mortgage loan has any investment income due and accrued that is 90 days past due and collectible, the investment income will continue to accrue but all accrued interest related to the mortgage loan is reported as a nonadmitted asset, until such time that it has been paid or is deemed uncollectible.

NOTES TO FINANCIAL STATEMENTS

B. Debt Restructuring

A restructuring is considered a TDR when a debtor is experiencing financial difficulties and the Company has granted a concession. The Company had the following restructured debt in the general account for which it is the creditor:

|     |                                                                                                                                                                                                                                                                                                                                       | General Account   |                   | Separate Account  |                   |

<sup>1</sup> Only the impaired lots within each CUSIP are included within this table.

NOTES TO FINANCIAL STATEMENTS

(4) The following table presents the Company's gross unrealized losses and fair values for loan-backed and structured securities, aggregated by the length of time that the individual securities have been in a continuous unrealized loss position as of December 31, 2022:

|                              | Less than 12 Months     |                        | 12 Months or Greater   |                        | Total                   |                        |
|------------------------------|-------------------------|------------------------|------------------------|------------------------|-------------------------|------------------------|
|                              | Estimated Fair Value    | Unrealized Losses      | Estimated Fair Value   | Unrealized Losses      | Estimated Fair Value    | Unrealized Losses      |
| General Account              | \$19,202,073,928        | \$1,758,793,183        | \$6,520,292,302        | \$1,127,694,474        | \$25,722,366,230        | \$2,886,487,657        |
| Guaranteed Separate Accounts | 2,215,553,819           | 157,205,687            | 1,166,407,902          | 203,536,270            | 3,381,961,721           | 360,741,957            |
| Total                        | <u>\$21,417,627,747</u> | <u>\$1,915,998,870</u> | <u>\$7,686,700,204</u> | <u>\$1,331,230,744</u> | <u>\$29,104,327,951</u> | <u>\$3,247,229,614</u> |

(5) The Company performs quantitative and qualitative analysis to determine if a decline in fair value was temporary. For those securities where the decline was considered temporary, the Company did not take an impairment when it had the ability and intent to hold until recovery. Factors considered in evaluating whether a decline in value is other-than-temporary include: (1) whether the decline is substantial; (2) the duration that the fair value has been less than amortized cost; (3) the financial condition and near-term prospects of the issuer; and (4) the Company's ability and intent to retain the investment for the period of time sufficient to allow for an anticipated recovery in value. In addition, for the non-agency residential mortgage backed securities ("RMBS") portfolio, the Company updates cash flow projections quarterly. A projection is performed for each security based upon the evaluation of prepayment, delinquency, and default rates for the pool of mortgages collateralizing each security, and the projected impact on the course of future prepayments, defaults, and loss in the pool of mortgages, but do not include market prices. As a result, forecasts may change from period to period and additional impairments may be recognized over time as a result of deterioration in the fundamentals of a particular security or group of securities and/or a continuation of heightened mortgage defaults for a period longer than the assumptions used for the forecasts. Both qualitative and quantitative factors are used in creating the Company's RMBS cash flow models. As such, any estimate of impairments is subject to the inherent limitation on the Company's ability to predict the aggregate course of future events. It should therefore be expected that actual losses may vary from any estimate and the Company may recognize additional other-than-temporary losses.

E. Dollar Repurchase Agreements and/or Securities Lending Transactions

- (1) The Company enters into dollar roll repurchase agreements to sell and repurchase securities. Assets to be repurchased are the same, or substantially the same, as the assets sold. The Company agrees to sell securities at a specified price and repurchase the securities at a lower price. The Company receives cash in the amount of the sales proceeds and establishes a liability equal to the repurchase amount. The difference between the sale and repurchase amounts represents deferred income which is earned over the life of the agreement. The liability for repurchasing the assets is included in borrowed money on Page 3 – Liabilities, Surplus and Other Funds.
- (2) The Company enters into securities lending agreements whereby certain investment securities are loaned to third-parties. With respect to securities loaned, in order to reduce the Company's risk under these transactions, the Company requires initial cash collateral equal to 102% of the fair value of domestic securities loaned. The Company records an offsetting liability in amounts payable under security lending agreements on Page 3 – Liabilities, Surplus and Other Funds. The Company monitors the fair value of securities loaned with additional collateral obtained as necessary. The borrower of the loaned securities is permitted to sell or repledge those securities.
- (3) Collateral Received
- a. Aggregate amount of collateral received:

|                           | General Account Dollar Repurchase Agreements | Separate Accounts Dollar Repurchase Agreements | General Account Securities Lending |

| Open                      | \$ —                                         | \$ —                                           | \$ 511,379,515                     |
| 30 days or less           | —                                            | 25,771,547                                     | —                                  |
| 31 to 60 days             | —                                            | 1,519,922                                      | —                                  |
| 61 to 90 days             | —                                            | —                                              | —                                  |
| Greater than 90 days      | —                                            | —                                              | —                                  |
| Total Collateral Received | <u>\$ —</u>                                  | <u>\$ 27,291,469</u>                           | <u>\$ 511,379,515</u>              |

- b. The Company has not sold or repledged collateral received from dollar repurchase or securities lending agreements. All collateral is received in cash.
- c. Cash received on securities lending transactions and repurchase agreements is then reinvested in short-term investments and bonds with various maturities.
- (4) The Company's securities lending transactions are not administered by an affiliated agent.

b. To help manage the mismatch of maturity dates between the security lending transactions and the related reinvestment of the collateral received, the Company invests in highly liquid assets.

- (6) The Company has not accepted collateral that it is not permitted by contract or custom to sell or repledge, except as explained above in section (2). In the case of tri-party repurchase agreements, the collateral is kept by the custodian and is not recorded on the Company's financial statements. The Company is not permitted to sell the collateral except in the case of a counterparty default.
- (7) The Company does not have any collateral or transactions for securities lending that extend beyond one year from December 31, 2022.

F. Repurchase Agreements Transactions Accounted for as Secured Borrowing

Not applicable.

G. Reverse Repurchase Agreements Transactions Accounted for as Secured Borrowing

- (1) The Company enters into tri-party reverse repurchase agreements to purchase and resell short-term securities. The Company receives securities as collateral, having a fair value at least equal to 102% of the purchase price paid by the Company for the securities and the Company's designated custodian takes possession of this collateral. The Company is not permitted to sell or repledge these securities. The collateral is not recorded on the Company's financial statements. However, if the counterparty defaults, the Company would then exercise its rights with respect to the collateral, including a sale of the collateral. The fair value of the securities held as collateral is monitored daily and additional collateral is obtained, where appropriate, to protect against credit exposure. The Company records the amount paid for securities purchased under agreements to resell in cash, cash equivalents and short-term investments.

At December 31, 2022, the carrying value and fair value of securities held under agreements to purchase and resell was \$161,648,526, which were classified as tri-party reverse repurchase agreements and included with cash, cash equivalents and short-term investments on Page 2 - Assets. The securities had a weighted average maturity of 3 days and a weighted average yield of 4.3%.

- (2) Type of repo trades used

(9) At December 31, 2022 and 2021, the Company did not have a recognized receivable for return of collateral.

(10) At December 31, 2022 and 2021, the Company did not have a recognized liability to return collateral.

H. Repurchase Agreements Transactions Accounted for as a Sale

Not applicable.

I. Reverse Repurchase Agreements Transactions Accounted for a Sale

Not applicable.

J. Real Estate

- (1)a–(1)c The Company had no real estate held for sale at December 31, 2022, and December 31, 2021. During 2022 and 2021, the Company did not recognize any OTTI on real estate held for sale related to a foreclosed residential property.
- (2)a–(2)b During both 2022 and 2021, the Company did not recognize any realized gains on the disposition of real estate held for sale.
- (3) The Company has not changed plans for the sale of investments in real estate.
- (4)a–(4)e The Company does not engage in any land sale operations.
- (5)a–(5)b The Company does not hold real estate investments with participating mortgage loan features.

K. Low-Income Housing Tax Credits

- (1) The Company has a range of 1 year to 13 years of remaining unexpired tax credits on its investments in LIHTC. The holding period required for the LIHTC investments ranges from 2 years to 16 years.
- (2) The amount of LIHTC and other tax benefits recognized during the years ended December 31, 2022 and 2021 was \$20,988,603 and \$29,677,873, respectively.
- (3) The balance of the investment recognized in other invested assets on Page 2 - Assets at December 31, 2022 and 2021 was \$236,843,475 and \$159,578,488 respectively.
- (4) The LIHTC investments are periodically subject to regulatory reviews by housing authorities where the properties are located. The Company is not aware of any adverse issues related to such regulatory reviews.
- (5) The Company's investments in LIHTC did not exceed 10% of its admitted assets.
- (6)–(7) The Company had no impairments recorded on its LIHTC investments.

| (2) Aggregate Amount of Investment Income | \$ 51,793,637   | \$ 1,146,301     |

6. Joint Ventures, Partnerships and Limited Liability Companies

- A. The Company had no investments in joint ventures, limited partnerships or limited liability companies that exceeded 10% of its admitted assets.
- B. In 2022, the Company recognized \$104,796,868 in OTTI on its investments in limited partnerships and limited liability companies, which were reflected within realized losses in net income. The impairments were based on facts and circumstances surrounding the ultimate recovery of the cost of the limited partnerships and limited liability companies and were derived from the investment results of the underlying assets within the limited partnerships and limited liability companies.

7. Investment Income

- A. Due and accrued investment income is excluded from surplus when amounts are over 90 days past due or collection is uncertain.
- B. At December 31, 2022, the Company had \$21,399 of investment income due and accrued that was nonadmitted.

8. Derivative Instruments

A. Derivatives under SSAP No. 86 - Derivatives

- (1)- (3) The Company uses derivative instruments to manage interest rate, equity and currency risk, and to replicate otherwise permissible investments. These derivative instruments include foreign currency and bond forwards, interest rate options, interest rate and equity futures, interest rate, total return, inflation, credit default and foreign currency swaps. The Company does not engage in derivative instrument transactions for speculative purposes.

Interest Rate Risk Management

The Company enters into interest rate derivatives primarily to minimize exposure to fluctuations in interest rates on assets and liabilities held by the Company.

Interest rate swaps are used by the Company to hedge interest rate risk for individual and portfolios of assets. Interest rate swaps are agreements with other parties to exchange, at specified intervals, the difference between interest amounts calculated by reference to an agreed upon notional value. Generally, no cash is exchanged at the onset of the contract and no principal payments are made by either party. The Company does not act as an intermediary or broker in interest rate swaps. At December 31, 2022, the Company had interest rate swaps with a fair value of \$221,793,153 and a carrying value of \$218,806,946. Interest rate swaps which qualify and are designated as cash flow hedges are used by the Company to convert floating rate assets to fixed rate assets. These interest rate swaps are valued and reported in a manner consistent with the hedged asset. Inflation swaps are used by the Company to hedge inflation risk of certain policyholder liabilities linked to the U.S. Consumer Price Index. At December 31, 2022, the Company had inflation swaps with a fair value and carrying value of \$(16,529,950).

NOTES TO FINANCIAL STATEMENTS

Interest rate (Treasury) futures are used by the Company to manage duration of the Company's fixed income portfolio. Interest rate futures are exchange traded contracts to buy or sell a bond at a specific price at a future date. At December 31, 2022, the Company had interest rate futures with a fair value and carrying value of \$224,298.

Interest rate options are used by the Company to hedge the risk of increasing interest rates on policyholder liabilities. Under these contracts, the Company will receive payments from counterparties should an agreed upon interest rate level be reached and payments will continue to increase under the option contract until an agreed upon interest rate ceiling, if applicable. At December 31, 2022, the Company had interest rate options with a fair value and carrying value of \$74,359,648.

Currency Risk Management

The primary purpose of the Company's foreign currency hedging activities is to protect the value of foreign currency denominated assets and liabilities, which the Company has acquired or incurred or anticipates acquiring or incurring, and net investments in foreign subsidiaries from the risk of changes in foreign exchange rates.

Foreign currency swaps are agreements with other parties to exchange, at specified intervals, principal and interest in one currency for the same in another, at a fixed exchange rate, which is generally set at inception and calculated by reference to an agreed upon notional value. Generally, only principal payments are exchanged at the onset and the end of the contract. At December 31, 2022, the Company had foreign currency swaps with a fair value of \$377,273,657 and a carrying value of \$439,688,011.

Foreign currency forwards involve the exchange of foreign currencies at a specified future date and at a specified price. No cash is exchanged at the time the agreement is entered into. At December 31, 2022, the Company had foreign currency forwards with a fair value of \$21,575,685 and a carrying value of \$21,849,958.

Equity Risk Management

The Company enters into equity futures contracts, total return swaps and options on broad indices to hedge equity exposure in the general account. At December 31, 2022, the Company did not hold any positions in these derivatives.

Credit Risk Management

Not applicable.

Income Generation Transactions

Not applicable.

Replication Transactions

Bond forwards are paired with other investment grade bonds in replication transactions to generate the return and price risk of long-dated fixed income securities. At December 31, 2022, the Company held bond forwards with a fair value of \$(668,431,607) and no carrying value.

Interest rate swaps are paired with bonds issued by Collateral Loan Obligation securitizations in replication transactions to generate the return and price risk of long-dated fixed income securities. At December 31, 2022, the Company held interest rate swaps that were part of a replication with a fair value of \$(38,704,200) and no carrying value.

Credit default swaps are paired with investment grade bonds in replication transactions to generate the return and price risk of long dated corporate bonds. At December 31, 2022, the Company held credit default swaps with a fair value of \$4,873,435 and a carrying value of \$4,422,045.

Hedge Effectiveness

To qualify for hedge accounting, the hedge relationship is designated and formally documented at inception detailing the particular risk management objective and strategy for the hedge, including the item and risk that is being hedged, the derivative that is being used, and how effectiveness is assessed.

A derivative must be highly effective in accomplishing the objective of offsetting either changes in fair value or cash flows for the risk being hedged. The Company formally assesses effectiveness of its hedging relationships both at the hedge inception and on an ongoing basis in accordance with its risk management policy. The hedging relationship is considered highly effective if the changes in fair value or discounted cash flows of the hedging instrument are within 80-125% of the inverse changes in the fair value or discounted cash flows of the hedged item.

The Company discontinues hedge accounting prospectively if: (1) it is determined that the derivative is no longer highly effective in offsetting changes in the fair value or cash flows of a hedged item, (2) the derivative expires or is sold, terminated, or exercised, (3) it is probable that the forecasted transaction for which the hedge was entered into will not occur, or (4) management determines that the designation of the derivative as a hedge instrument is no longer appropriate.

- (4) The Company had no derivative contracts with financing premiums for the year ended December 31, 2022.
- (5) For derivatives which are designated for hedge accounting, there were no components of the derivative's gain or loss excluded from the assessment of effectiveness for the year ended December 31, 2022.
- (6) The Company did not have any net gain recognized in unrealized gains and losses during the reporting period resulting from derivatives that no longer qualify for hedge accounting.
- (7) The Company did not have any cash flow hedges of forecasted transactions except for cash flow hedges related to payments of variable interest on existing financial instruments.
- (8) Not applicable.

B. Derivatives under SSAP No. 108 - Derivatives Hedging Variable Annuity Guarantees

Not applicable.

NOTES TO FINANCIAL STATEMENTS

9. Income Taxes

A. The components of the net deferred tax assets (“DTAs”) and deferred tax liabilities (“DTLs”) at December 31, 2022 and 2021 were as follows:

| (5) The Company had investment tax credits of \$54,997,983 and \$58,225,715 for the years ended December 31, 2022 and 2021, respectively.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |                         |                         |                       |
| (6) The Company did not have operating loss carry-forwards at December 31, 2022.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |                         |                         |                       |
| (7) The Company had no adjustments to gross DTAs because of a change in circumstances that causes a change in judgment about the realizability of the related DTAs.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |                         |                         |                       |
| (8) The Inflation Reduction Act ("IRA") of 2022 was enacted on August 16, 2022. The IRA includes a new Federal Corporate Alternative Minimum Tax ("CAMT"), effective in 2023, that is based on the adjusted financial statement income set forth on the applicable financial statement of an applicable corporation. The NAIC adopted Interpretation ("INT") 22-02 to apply to December 31, 2022. Following that guidance, the Company has not determined as of the reporting date if it will be an applicable corporation and if it will be liable for CAMT in 2023. The 2022 financial statements do not include an estimated impact of the CAMT because a reasonable estimate cannot be made. |                         |                         |                       |
| D. The Company's income tax expense (benefit) and change in net DTAs, for the years ended December 31, 2022 and 2021, differs from the amount obtained by applying the statutory rate of 21% to net gain from operations after dividends to policyholders and before federal income taxes for the following reasons:                                                                                                                                                                                                                                                                                                                                                                             |                         |                         |                       |

|                                                                                                            | 2022                    | 2021                   | Change                 |

NOTES TO FINANCIAL STATEMENTS

- E. (1) The Company did not have any operating loss and tax credit carry forwards available for tax purposes.
- (2) The following income taxes incurred in the current and prior years that will be available in the event of future net losses:

|           |    |             |
|-----------|----|-------------|
| Year 2022 | \$ | —           |
| Year 2021 | \$ | 330,534,688 |
| Year 2020 | \$ | —           |

(3) At December 31, 2022, the Company had no protective tax deposits on deposit with the Internal Revenue Service under Section 6603 of the Internal Revenue Code.

- F. The Company's federal income tax return is consolidated with the following entities:
- i. New York Life Insurance and Annuity Corporation ("NYLIAC")
  - ii. NYLIFE Insurance Company of Arizona ("NYLAZ")
  - iii. NYLIFE LLC ("NYLIFE LLC") and its domestic affiliates
  - iv. New York Life Investment Management Holdings LLC ("NYL Investments") and its domestic affiliates
  - v. New York Life Enterprises ("NYLE") and its domestic affiliates
  - vi. NYL Investors LLC ("NYL Investors")
  - vii. Life Insurance Company of North America ("LINA")
  - viii. New York Life Group Insurance Company of NY ("NYLGICNY")
  - ix. LINA Benefit Payments, Inc

The Company files a consolidated federal income tax return with certain of its domestic insurance and non-insurance subsidiaries. The consolidated income tax provision or benefit is allocated among the members of the group in accordance with a tax allocation agreement. The tax allocation agreement provides that the Company computes its share of consolidated tax provision or benefit, in general, on a separate company basis, and may, where applicable, include the tax benefits of operating or capital losses utilizable in New York Life's consolidated returns. Intercompany tax balances are settled quarterly on an estimated basis with a final settlement occurring within 30 days of the filing of the consolidated tax return. Current federal income taxes are charged or credited to operations based upon amounts estimated to be payable or recoverable as a result of taxable operations for the current year and any adjustments to such estimates from prior years.

- G. The Company does not anticipate any significant changes to its total unrecognized tax benefits within the next 12 months.
- H. The Company does not have repatriation transition tax owed under the Tax Cuts and Jobs Act.
- I. The Company does not have an AMT credit that was recognized as a current year recoverable or DTA.

10. Information Concerning Parent, Subsidiaries, Affiliates and Other Related Parties

NOTES TO FINANCIAL STATEMENTS

Significant transactions entered into or between the Company and its subsidiaries for the years ended December 31, 2022 and 2021 were as follows:

| Date of Transaction                                    | Name of Related Party                       | Nature of Relationship   | Type of Transaction                 | Description                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
|--------------------------------------------------------|---------------------------------------------|--------------------------|-------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1/1/2017 (amended on 12/30/2022)                       | NYLIM                                       | Non-insurance subsidiary | Note purchase agreement             | The Company originally entered into a Note Purchase Agreement with NYLIM Holdings as of January 1, 2017, amended as of September 30, 2021. The Company purchased a \$50,000,000 floating rate senior note as of January 1, 2017, which was cancelled and reissued as a \$150,000,000 floating rate senior note as of September 30, 2021 (the "2021 Note"). As of December 30, 2022, the agreement was fully amended and restated and the 2021 Note was cancelled and reissued as a \$150 million floating rate senior note (the "2022 Note"). The 2022 Note is due and payable to the Company on December 31, 2027.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |
| 11/29/2022                                             | NYLIAC                                      | Insurance subsidiary     | Transfer of assets                  | Bond asset and cash transfers between the Company and NYLIAC were executed to strengthen duration alignment between asset and liability profiles amongst the insurance companies. The Company acquired bonds with a book value of \$3,819,767,069, including realized losses and accrued interest, from NYLIAC in exchange for bonds valued at \$2,414,904,932, including realized losses and accrued interest, and cash of \$1,419,348,548.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |
| 12/31/2015 (last amended as of 12/31/2022)             | MCF                                         | Non-insurance subsidiary | Note funding agreement              | The Company and NYLIAC entered into a note funding agreement with MCF (as amended from time to time, the "MCF Note Agreement") and acquired a variable funding note issued by MCF thereunder ("the 2015 Note"). On July 1, 2018, the 2015 Note was canceled and reissued (the "2018 Note"), and on March 24, 2020 the 2018 Note was cancelled and reissued (the "2020 Note"). The 2020 Note is reported as a bond, and had an outstanding balance for the Company of \$3,704,302,877 and \$3,399,771,849 at December 31, 2022 and 2021, respectively. The funding limit is determined using 2.25% multiplied by the cash and invested assets amount, as of such date of determination. Cash and invested assets amount means, as of any date of determination, the sum of (x) the net admitted cash and invested assets of NYLIAC (y) the net admitted cash and invested assets of NYLIC (excluding any portion thereof attributable to NYLIC's investment in NYLIAC), in each case, based on the most recently available quarterly or annual financial statements of NYLIC or NYLIAC, as applicable. |
| 10/1/1997                                              | New York Life Capital Corporation ("NYLCC") | Non-insurance subsidiary | Revolving credit agreement          | NYLCC, a wholly owned subsidiary of NYLIFE LLC (which is a wholly owned subsidiary of the Company) has a revolving credit agreement with the Company, whereby NYLCC has agreed to make loans to the Company in an amount up to, but not exceeding \$3,500,000,000. These loans have various maturities with a weighted average interest rate of 4.5% and 0.16% for 2022 and 2021, respectively. NYLCC's outstanding principal amount of commercial paper at December 31, 2022 is \$499,170,000.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |
| 9/15/22 (previous agreement terminated on 9/15/2022)   | NYLCC                                       | Non-insurance subsidiary | Revolving credit facility           | The Company and NYLCC entered into a five-year \$1,750 million revolving credit facility (the "2022 Credit Facility") with a syndicate of lenders. The 2022 Credit Facility replaced the 2019 Credit Facility which was terminated on 9/15/22. The Company and NYLCC are borrowers under the 2022 Credit Facility. The facility had an amount outstanding of \$498,357,817 and \$474,670,562 for the years ended December 31, 2022 and December 31, 2021, respectively.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |
| 12/6/2022 (previous agreement terminated on 12/6/2022) | MCF                                         | Non-insurance subsidiary | Revolving credit facility agreement | The Company and MCF entered into a 364-day \$400,000,000 revolving credit facility (the "2022 MCF Credit Facility") with a syndicate of lenders, with MCF as borrower and the Company as guarantor. The 2022 MCF Credit Facility had no outstanding borrowings as of December 31, 2022. The 2022 MCF Credit Facility replaced a 364-day \$400,000,000 credit facility dating to December 7, 2021 (the "2021 MCF Credit Facility") with MCF as borrower and the Company as guarantor. The 2021 MCF Credit Facility had no outstanding borrowings as of December 31, 2021.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
| 9/30/1993 (last amended as of 12/30/2022)              | NYLIAC                                      | Insurance subsidiary     | Revolving credit agreement          | The Company has a revolving credit agreement with NYLIAC whereby the Company may loan in the amount of up to \$3,500,000,000. At December 31 2022 and 2021, the credit facility was not used, no interest was paid and there was no outstanding balance due.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |
| 4/1/1999 (last amended as of 12/30/2022)               | NYLIAC                                      | Insurance subsidiary     | Revolving credit agreement          | The Company has a revolving credit agreement with NYLIAC, whereby the Company may borrow in the amount of up to \$900,000,000. At December 31, 2022, the credit facility was not used, no interest was paid and there was no outstanding balance due. During 2021, NYLIC borrowed and repaid a \$600,000,000 loan to NYLIAC. \$3,288 of interest was paid, and there was no outstanding balance due at December 31, 2021.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |
| 12/31/2020 (amended as of 11/1/2022)                   | LINA                                        | Insurance subsidiary     | Revolving credit agreement          | The Company, as lender, has a revolving credit agreement with LINA, as borrower, for a maximum aggregate amount of \$100,000,000. At December 31, 2022 and 2021, the credit facility was not used, no interest was paid, and there was no outstanding balance due.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |

NOTES TO FINANCIAL STATEMENTS

|           |                    |                                          |                                                                 |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |

| 6/1/2020  | NYL Investors LLC  | Non-insurance subsidiary                 | Investment advisory agreement                                   | The Company is party to an investment advisory agreement with NYL Investors, as amended from time to time, to receive investment advisory and administrative services from NYL Investors.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
| Various   | Various Affiliates | Insurance and Non-insurance subsidiaries | Service agreement                                               | Under various written agreements, the Company has agreed to provide certain of its direct and indirect subsidiaries with certain services and facilities including but not limited to the following: accounting, tax and auditing services, legal services, actuarial services, electronic data processing operations, and communications operations. Such costs amounting to \$1,375,940,393 and \$1,253,775,401 for the years ended December 31, 2022 and 2021, respectively, were incurred by the Company and billed to its subsidiaries. The Company is reimbursed for the identified costs associated with these services and facilities. The terms of the agreements require that these amounts be settled in cash within 90 days.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
| Various   | NYLIAC             | Insurance subsidiary                     | Acquisition of corporate owned life insurance ("COLI") policies | The Company has purchased various COLI policies from NYLIAC for the purpose of informally funding certain benefits for the Company's employees and agents. These policies were issued to the Company on the same terms as policies sold to unrelated customers. Of the \$4,180,765,383 cash surrender value at December 31, 2022 and 2021, \$3,286,491,754 and \$3,255,168,217, respectively, is invested in NYLIAC's general account, and \$894,273,629 and \$1,054,063,938, respectively, is invested in NYLIAC's separate accounts products. The investments in NYLIAC's separate accounts are allocated to the following categories based on primary underlying investment characteristics: 4% bonds, 95% stocks, and 1% real estate. During 2022 and 2021, the Company recorded income related to these policies of \$57,679,739 and \$216,038,121, respectively.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |
| Various   | NYLIAC             | Insurance subsidiary                     | Structured settlement agreements                                | The Company is the assumed obligor for certain structured settlement agreements with unaffiliated insurance companies, beneficiaries and other non-affiliated entities. To satisfy its obligations under these agreements, the Company owns single premium annuities issued by NYLIAC. The obligations are based upon the actuarially determined present value of expected future payments.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
| Various   | NYLIAC             | Insurance subsidiary                     | Structured settlement agreement                                 | The Company has issued \$10,235,624,129 and \$9,875,306,061 at December 31, 2022 and 2021, respectively, of single premium annuities to NYLIAC in connection with NYLIAC's obligation under structured settlement agreements. NYLIAC has directed the Company to make the payments under the annuity contracts directly to beneficiaries under the structured settlement agreements.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
| Various   | NYLIAC             | Insurance subsidiary                     | Participation in mortgage loans, REO and Real Estate            | A real estate property acquired through foreclosure is called a REO Portfolio. NYLIAC, LINA, and NYLGICNY's interests in commercial mortgage loans are primarily held in the form of participations in mortgage loans originated or acquired by the Company. The Participation Companies' interest in the ownership of REO Portfolio is called REO Ownership Interest. Under the participation agreement for the mortgage loans, it is agreed between the Company and the Participation Companies that the proportionate interest (as evidenced by a participation certificate) in the underlying mortgage loan, including without limitation, the principal balance thereof, all interest which accrues thereon, and all proceeds generated there from, will be pari passu with the Company's and pro rata based upon the respective amounts funded by the Company and the Participation Companies in connection with the applicable mortgage loan origination or acquisition. Consistent with the participation arrangement, all mortgage loan documents name the Company (and not both the Participation Companies and the Company) as the lender but are held for the benefit of both the Company and the Participation Companies pursuant to the applicable participation agreement. The Company retains general decision making authority with respect to each mortgage loan, although certain decisions require the Participation Companies approval. |
| 6/11/2012 | NYLIAC             | Insurance subsidiary                     | Tenancy in common agreement                                     | In connection with a \$150,000,000 land acquisition of a fee simple estate in land underlying an office building and related improvements and encumbered by a ground lease located at 1372 Broadway, New York, New York by the Company (73.8% interest) and NYLIAC (26.2% interest), the Company and NYLIAC entered into a Tenancy In Common Agreement in which the agreement sets forth the terms that govern, in part, each entity's interest in the property. For both of the years ended December 31, 2022 and 2021, income earned amounted to \$8,065,854 and \$7,682,611, respectively.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
| 10/5/2017 | NYLIAC             | Insurance subsidiary                     | Mortgage loan on real estate                                    | In connection with the acquisition of an office building by REEP-OFC 2300 Empire LLC and a pledge of an unleveraged equity interest in the owner of Retreat at Seven Bridges, an existing multifamily property, NYLIAC provided a first mortgage loan to REEP-OFC 2300 Empire LLC and Reef Woodridge IL LLC. The Company reports this investment as a limited partnership investment.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |

C. The Company had no transaction with related parties not reported on schedule Y.

NOTES TO FINANCIAL STATEMENTS

- D. At December 31, 2022 and 2021, the Company reported a net amount of \$117,157,516 and \$161,013,107 respectively, due from subsidiaries. These balances exclude investments transactions previously discussed in section A-B. The terms of the underlying agreements generally require that these amounts be settled in cash within 90 days.
- E. Refer to sections A-B for significant administrative and advisory agreements the Company has entered into with its subsidiaries.
- F. In the ordinary course of business Company may enter into guarantees and/or keepwells between itself and its subsidiaries. Refer to Note 14 - Liabilities, Contingencies and Assessments for more information.
- G. The Company is a mutual insurance company and is not directly or indirectly owned by any other company, corporation, group of companies, partnership or individual.
- H. The Company does not own any shares of an upstream affiliate either directly or through its subsidiaries.
- I. The Company does not have an investment in an SCA entity that exceeds 10% of the Company's admitted assets.
- J. The Company did not recognize any impairment write down for its investments in Subsidiary, Controlled or Affiliated Companies during the statement period.
- K. Not applicable.
- L. (1)-(2) The Company holds investments in certain downstream non-insurance holding companies and utilizes the look-through approach for the valuation of these companies.

The downstream non-insurance holding companies and the associated carrying value of the Company's investment in these companies are listed below:

| Company                        | Carrying Value        |                       |
|--------------------------------|-----------------------|-----------------------|
|                                | 2022                  | 2021                  |
| NYL Enterprises LLC            | \$ 55,209,010         | \$ 355,755,040        |
| NYLIFE LLC                     | 53,766,555            | 55,211,935            |
| NYLMDC King of Prussia GP, LLC | 367,815               | 374,153               |
| Silver Spring, LLC             | —                     | 16,637                |
| Total                          | <u>\$ 109,343,380</u> | <u>\$ 411,357,765</u> |

- (3) The financial statements of NYL Enterprises LLC, NYLIFE LLC, NYLMDC King of Prussia GP, LLC, and Silver Spring, LLC (collectively the "downstream non-insurance holding companies") were not audited at December 31, 2022 and 2021.
- (4) The Company has limited the value of its investment in the downstream non-insurance holding companies to the value contained in the financial statements of the underlying investments, which will be audited, including adjustments required by SSAP 97, of the downstream non-insurance holding companies.
- (5) The downstream non-insurance holding companies had no commitments, contingencies or guarantees.
- M. The Company does not have affiliated common stock investments other than its insurance subsidiaries.
- N. The Company does not report any investments in insurance subsidiaries for which the audited statutory equity reflects a departure from NAIC SAP.

| NYLGICNY                               | \$ —                           | \$ —                        | \$ 159,689,186               | \$ 159,689,186                                                      |

\* Per AP&P Manual (without permitted or prescribed practices)

- O. The Company does not hold investments in an SCA in a loss position.

11. Debt

- A. Borrowed money is generally carried at the unpaid principal balance and any interest payable and consisted of the following at December 31, 2022:

|                                                                                                                                                                                         | Carrying Value        |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------|
| Loan Payable to NYLCC, various maturities, latest being March 27, 2023 (weighted average rate of 0.16%); Refer to Note 10B "Information Concerning Parent, Subsidiaries and Affiliates" | <u>\$ 498,357,817</u> |
| Total borrowed money                                                                                                                                                                    | <u>\$ 498,357,817</u> |

- B. Federal Home Loan Bank ("FHLB") Agreements

- (1) On February 26, 2008, the Company became a member of the FHLB of NY and began issuing funding agreements to the FHLB of NY in exchange for cash. The proceeds from the sale of these funding agreements are invested to earn a spread on the business. The funding agreements are issued through the general account and are included in the liability for deposit-type contracts on Page 3 – Liabilities, Surplus and Other Funds. When a funding agreement is issued, the Company is required to post collateral in the form of eligible securities including mortgage-backed, government and agency debt instruments for each of the advances received. Upon any event of default by the Company, the FHLB of NY's recovery on the collateral is limited to the amount of the Company's liability to the FHLB of NY. The table below indicates the amounts of FHLB of NY stock purchased, collateral pledged, assets and liabilities related to the agreement with FHLB of NY.

NOTES TO FINANCIAL STATEMENTS

(2) FHLB of NY Capital Stock

a. Amount of FHLB of NY common stock held, in aggregate, is as follows:

| Does the Company have prepayment obligations under the following arrangements (YES/NO)? |     |
|-----------------------------------------------------------------------------------------|-----|
| 1. Debt                                                                                 | N/A |
| 2. Funding agreements                                                                   | No  |
| 3. Other                                                                                | N/A |

12. Retirement Plans, Deferred Compensation, Postemployment Benefits and Compensated Absences and Other Postretirement Benefit Plans

A. Defined Benefit Plans

The Company maintains various tax-qualified and non-qualified defined benefit pension plans covering eligible U.S. employees and agents. The tax-qualified plan for employees includes both a traditional formula and a cash balance formula. The applicability of these formulas to a particular plan participant is generally determined by age and date of hire. Under the traditional formula, benefits are based on final average earnings and length of service. The cash balance formula credits employees' accounts with a percentage of eligible pay each year based on years of service, along with annual interest credits at rates based on IRS guidelines. Benefits under the tax-qualified plan for agents are based on length of service and earnings during an agent's career. The non-qualified pension plans provide supplemental benefits in excess of the maximum benefits applicable to a tax-qualified plan.

The tax-qualified defined benefit pension plans of the Company are funded solely by Company contributions. The Company's funding policy is to make annual contributions that are no less than the minimum amount needed to comply with the requirements of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), and the Internal Revenue Code ("IRC") of 1986, as amended, and no greater than the maximum amount deductible for federal income tax purposes. In 2022 and 2021, the Company did not make any voluntary contributions to the tax-qualified plans. No contributions were required to satisfy the minimum funding requirements under ERISA and the IRC.

The Company has established separate irrevocable grantor trusts covering certain of the non-qualified arrangements to help protect non-qualified payments thereunder in the event of a change in control of the Company. The grantor trusts are not subject to ERISA.

Other Postretirement Benefits

The Company provides certain health care and life benefits for eligible retired employees and agents (and their eligible dependents). Employees are eligible for retiree health and life benefits if, at their termination of service, they are at least age 55 with 10 or more years of service with the Company. Agents are generally eligible for retiree health and life benefits if they meet certain age and service criteria on the date they terminate service. In either case, an employee or agent must be enrolled in active health care coverage on the date they terminate service to be eligible for retiree coverage.

Employees and agents who retired prior to January 1, 1993 and agents who were active on December 31, 1992 and met certain age or service criteria on that date do not make contributions toward retiree health care coverage. All other eligible employees and agents may be required to contribute towards retiree health care coverage. The Company pays the entire life insurance costs for retired employees and agents.

The Company has established two separate Voluntary Employees Beneficiary Association ("VEBA") Trusts, the Employees' Life and Health Benefit Trust ("Employee VEBA") and the Agents' Life and Health Benefit Trust ("Agent VEBA"). The Employee VEBA is currently exclusively used to fund a portion of the postretirement health and life benefits for retired employees, and the Agent VEBA is currently exclusively used to fund a portion of the postretirement health and life benefits for retired agents. In addition, the tax-qualified pension plan for agents includes a medical-benefit component to fund a portion of the postretirement obligations for retired agents and their dependents in accordance with IRC Section 401(h). The Company pays the remaining balance of these costs.

Postemployment Benefits and Compensated Absences

The Company provides compensated absences to eligible employees during employment, and certain benefits to eligible employees and agents after termination of service. These include, but are not limited to, salary continuation during medical and pregnancy leaves, short-term disability-related benefits, and continuation of health care benefits.

The Company has accrued obligations of \$2,103,000 and \$1,721,000 related to these benefits at December 31, 2022 and 2021, respectively. For the years ended December 31, 2022 and 2021, the net periodic benefit costs associated with these programs were \$11,120,000 and \$8,220,000 respectively.

Postemployment costs of \$5,750,808 and \$4,635,440 were billed to subsidiaries for the years ended December 31, 2022 and 2021, respectively.

NOTES TO FINANCIAL STATEMENTS

The tables below are for financial reporting purposes only and do not reflect the status of the assets of each of the plans under applicable law:

(1) Change in benefit obligation

a. Pension benefits

The Company shares the net periodic benefit cost of certain pension and postretirement benefits with its subsidiaries. The expenses for these plans are allocated to each subsidiary in accordance with an intercompany cost sharing arrangement. The liabilities for these plans are included with the liabilities for the corresponding plan of the Company. Pension costs of \$52,753,331 and \$54,230,410 were billed to subsidiaries for the years ended December 31, 2022 and 2021, respectively. Postretirement costs of \$9,537,180 and 10,393,755 were billed to subsidiaries for the years ended December 31, 2022 and 2021, respectively.

(5) Amounts in unassigned funds (surplus) recognized as components of net periodic benefit cost

|                                                                                        | Pension Benefits        |                         | Postretirement Benefits |                      |

The Company uses a full yield curve approach to determine its U.S. pension and other postretirement benefit obligations as well as the service and interest cost components of net periodic benefit cost.

The discount rates used are based on hypothetical AA yield curves represented by a series of spot discount rates from half a year to 99 years. The spot rate curves are derived from a direct calculation of the implied forward curve, based on the included bond cash

NOTES TO FINANCIAL STATEMENTS

flows. Each bond issue underlying the yield curve is required to be non-callable, with a rating of AA, when averaging all available ratings by Moody's Investor Services, Standard & Poor's and Fitch. Additionally, each bond must have at least \$300,000,000 par outstanding to ensure it is sufficiently marketable. Finally, the outlier bonds (i.e. those whose yields to maturity significantly deviate from the average yield in each maturity grouping) are removed. The yields are used to discount future pension and other postretirement plan cash flows at an interest rate specifically applicable to the timing of each respective cash flow. For disclosure purposes, the sum of these discounted cash flows are totaled into a single present value and an equivalent weighted-average discount rate is calculated by imputing the singular interest rate that equates the total present value of the stream of future cash flows.

The Company utilizes a full yield curve approach in the calculation of the service and interest cost components by applying the specific spot rates along the yield curve used in the determination of the benefit obligation to their relevant underlying projected cash flows. The current approach provides a more precise measurement of service and interest cost by improving the correlation between projected benefit cash flows and their corresponding spot rates.

The expected long-term return on assets for the tax-qualified pension plans and the VEBA Trusts is based on (1) an evaluation of the historical behavior of the broad financial markets, (2) the plan's target asset allocation, and (3) the future expectations for returns for each asset class, modified by input from the plans' investment consultant based on the current economic and financial market conditions.

- (8) The aggregate amount of the accumulated benefit obligation for defined benefit pension plans was \$7,226,521,633 as of December 31, 2022 and \$9,134,684,922 as of December 31, 2021.
- (9) The determination of the annual rate of increase in the per capita cost of covered health care benefits is reviewed separately for medical and prescription drug plans as well as for participants under and over age 65. At December 31, 2022, these assumed future rates of increase are the same for both medical and prescription drug plans but differ between participants under and over age 65. For dental plans, the annual rate of increase in the per capita cost utilizes a single rate for all participants.

In measuring the year-end 2022 obligations, the annual rate of increase in the per capita cost of covered health care medical benefits and prescription drug benefits for 2022 was assumed to be 6.85% for participants under 65 and 6.65% for participants age 65 and over. For participants under age 65, the rate was assumed to decline gradually to 4.50% by 2030 and remain at that level thereafter. For participants age 65 and over, the rate was assumed to decline gradually to 4.50% by 2030 and remain at that level thereafter. For dental plans, the annual rate of increase in the per capita cost of covered health care benefits was assumed to be 4.50% for all participants for 2023 and beyond.

In measuring the year-end 2021 obligations, the annual rate of increase in the per capita cost of covered health care medical benefits and prescription drug benefits for 2021 was assumed to be 6.25% for participants under 65 and 6.75% for participants age 65 and over. For participants under age 65, the rate was assumed to decline gradually to 4.50% by 2030 and remain at that level thereafter. For participants age 65 and over, the rate was assumed to decline gradually to 4.50% by 2030 and remain at that level thereafter. For dental plans, the annual rate of increase in the per capita cost of covered health care benefits was assumed to be 4.50% for all participants for 2022 and beyond.

- (10) The estimated future benefit payments are based on the same assumptions used to measure the benefit obligations at December 31, 2022. The following benefit payments, which reflect expected future service, as appropriate, are expected to be paid:

|                   | Pension Benefits | Postretirement Benefits | Postemployment Benefits |
|-------------------|------------------|-------------------------|-------------------------|
| 2023              | \$ 456,900,000   | \$ 64,200,000           | \$ 10,500,000           |
| 2024              | \$ 471,500,000   | \$ 66,300,000           | \$ 11,100,000           |
| 2025              | \$ 486,600,000   | \$ 68,200,000           | \$ 11,800,000           |
| 2026              | \$ 499,000,000   | \$ 69,400,000           | \$ 12,500,000           |
| 2027              | \$ 512,600,000   | \$ 71,400,000           | \$ 13,200,000           |
| 2028 through 2032 | \$ 2,718,600,000 | \$ 392,100,000          | \$ 76,300,000           |

- (11) The Company expects to pay approximately \$62,000,000 of non-qualified pension plan benefits during 2023. The Company expects to pay approximately \$39,900,000 for other postretirement benefits during 2023.

The Company's funding policy for the tax-qualified pension plans is to make annual contributions that are no less than the minimum amount needed to comply with the requirements of the ERISA and the IRC, and no greater than the maximum amount deductible for federal income tax purposes. The Company does not have any regulatory contribution requirements for 2023 and does not expect to make voluntary contributions to the tax-qualified pension plans.

Prefunding contributions can be made to either of the VEBA Trusts to partially fund postretirement health and life benefits other than pensions. The Company does not expect to make any prefunding contributions to either of the VEBA Trusts in 2023.

- (12) Refer to Note 12B for details of the Company's plan assets.
- (13)-(15) Not applicable.
- (16) The decrease in the benefit obligation is primarily attributable to actuarial gains in the pension and postretirement plans of \$2,120,810,476 and \$444,871,954, respectively. These gains are largely the result of an increase in the weighted average discount rate used to measure plan liabilities.
- (17) Refer to funded status disclosure in Note 12A(3).

B. Plan Asset Investment Policies and Strategies

Each tax-qualified pension plan currently invests in two group annuity contracts which are held in separate trusts: one contract is an immediate participation guarantee ("IPG") contract relating to the Company's general account ("GA Contract"), and the other contract relates to the Company's pooled separate accounts ("SA Contract"). The Company is the issuer of the GA and SA Contracts. In addition, certain assets are directly invested in a third-party collective investment trust, the Fidelity Institutional Asset Management ("FIAM") Small Capitalization Core Commingled Pool, and third-party real estate investment funds.

Tax-qualified plan assets at of \$2,895,514,658 and \$3,402,610,282 were included in the Company's separate account assets and liabilities at December 31, 2022 and 2021, respectively. Pension plan assets of \$4,492,459,959 and \$4,353,665,150 were included in the Company's aggregate reserve liability at December 31, 2022 and 2021, respectively. Pension plan assets of \$173,848,127 and \$236,818,254 were invested in the FIAM Small Capitalization Core Commingled Pool at December 31, 2022 and 2021, respectively. Pension plan assets of \$477,510,973 and \$479,910,345 were invested in the third-party real estate investment funds at December 31, 2022 and 2021, respectively.

NOTES TO FINANCIAL STATEMENTS

NYL Investors manages the assets in the portion of the Company’s general account in which the GA Contract participates. The GA Contract provides for the payment of an annual administrative charge based on a percentage of the assets maintained in the fixed account under the contract. Under the SA Contract, certain registered investment advisory subsidiaries of NYL Investments act as investment managers for the pooled separate accounts. The SA Contract provides for the payment of separate annual fees for the management and administration of each separate account.

The assets of each of the VEBA Trusts are invested in MainStay and third-party mutual funds, trust owned life insurance (“TOLI”) and cash and cash equivalents.

New York Life Investment Management LLC (“NYLIM”), a wholly owned subsidiary of NYL Investments, serves as investment manager of their proprietary MainStay MacKay International Equity Fund. The TOLI policies are corporate sponsored universal life (“CSUL”) and corporate sponsored VUL (“CSVUL”) policies issued by NYLIAC. CSVUL policy premiums are invested in certain insurance dedicated funds offered in connection with variable products for which NYLIM serves as investment advisor and MacKay Shields LLC, a wholly owned subsidiary of NYL Investments, serves as the sub-advisor.

The investment objectives for the tax-qualified pension plans and VEBA Trusts are: (1) to maintain sufficient income and liquidity to fund benefit payments; (2) to preserve the capital value of the plans and trusts; (3) to increase the capital value of the plans and trusts; and (4) to earn a long-term rate of return, which meets or exceeds the plans’ and trusts’ assumed actuarial rates of return. Under the investment policies for the tax-qualified pension plans, the plans’ assets are to be invested primarily in a balanced and diversified mix of high quality equities, fixed income securities, group annuity contracts, private equity investments, real estate investments, hedge fund investments, cash equivalents, and such other assets as may be appropriate. Under the investment policies for the VEBA Trusts, the assets of the trusts are to be invested primarily in insurance contracts (variable and/or fixed) and/or mutual funds, which in turn, invest in a balanced and diversified mix of high quality equities, fixed income securities, cash equivalents, and such other assets as may be appropriate. The Board of Trustees (the “Trustees”) monitor and review investment performance to ensure assets are meeting investment objectives.

The Trustees have established a broad investment strategy targeting an asset allocation for both the tax-qualified pension plans, and for the VEBA Trusts. Diversifying each asset class by style and type further enhances this allocation. In developing this asset allocation strategy, the Trustees took into account, among other factors, the information provided to them by the plans’ actuary, information relating to the historical investment returns of each asset class, the correlations of those returns, and input from the plans’ investment consultant. The Trustees regularly review the plans’ asset allocations versus the targets and make adjustments as appropriate.

The percentage of target allocation and asset allocation, by asset category, for the tax-qualified pension plans at December 31, 2022 and 2021, were as follows:

|              | Target Allocation |      | Asset Allocation |      |
|--------------|-------------------|------|------------------|------|
|              | 2022              | 2021 | 2022             | 2021 |
| Fixed Income | 60%               | 65%  | 56%              | 60%  |
| Equity       | 40%               | 35%  | 44%              | 40%  |
| Total        | 100%              | 100% | 100%             | 100% |

The target allocation permits for ranges of 50% to 70% for fixed income and 30% to 50% for equity.

The percentage of target allocation and asset allocation, by asset category, for the VEBA Trusts at December 31, 2022 and 2021, were as follows:

|              | Target Allocation |      | Asset Allocation |      |
|--------------|-------------------|------|------------------|------|
|              | 2022              | 2021 | 2022             | 2021 |
| Fixed Income | 30%               | 30%  | 30%              | 26%  |
| Equity       | 70%               | 70%  | 70%              | 74%  |
| Total        | 100%              | 100% | 100%             | 100% |

The pooled separate accounts under the SA Contracts and the third-party investment funds invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

C. Determination of Fair Values

(1) The fair values (refer to Note 20 - Fair Value Measurements for description of levels) of the tax-qualified plan assets at December 31, 2022 are as follows:

|                                                   | Quoted Prices in<br>Active Markets for<br>Identical Assets<br>(Level 1) | Significant<br>Observable<br>Inputs<br>(Level 2) | Significant<br>Unobservable<br>Inputs<br>(Level 3) | Total            |
|---------------------------------------------------|-------------------------------------------------------------------------|--------------------------------------------------|----------------------------------------------------|------------------|
| Cash                                              | \$ 508,809                                                              | \$ —                                             | \$ —                                               | \$ 508,809       |
| IPG contract                                      | —                                                                       | —                                                | 3,386,523,393                                      | 3,386,523,393    |
| FIAM Small Capitalization Core Commingled<br>Pool | 173,848,127                                                             | —                                                | —                                                  | 173,848,127      |
| Total assets accounted for at fair value          | \$ 174,356,936                                                          | \$ —                                             | \$ 3,386,523,393                                   | \$ 3,560,880,329 |

The investments in pooled separate accounts and third-party real estate investment funds, which meet the net asset value (“NAV”) as practical expedient criteria for determining fair value, were \$2,895,514,658 and \$477,510,973, respectively, and are not included in the table above.

NOTES TO FINANCIAL STATEMENTS

The fair values of other postretirement benefit plan assets at December 31, 2022 are as follows:

|                                                         | Quoted Prices in<br>Active Markets for<br>Identical Assets<br>(Level 1) | Significant<br>Observable<br>Inputs<br>(Level 2) | Significant<br>Unobservable<br>Inputs<br>(Level 3) | Total                 |
|---------------------------------------------------------|-------------------------------------------------------------------------|--------------------------------------------------|----------------------------------------------------|-----------------------|
| Cash, cash equivalents & short-term investments         | \$ 697,041                                                              | \$ 315,935                                       | \$ —                                               | \$ 1,012,976          |
| Fixed income investments:                               |                                                                         |                                                  |                                                    |                       |
| CSUL policies                                           | —                                                                       | —                                                | 161,348,325                                        | 161,348,325           |
| Immediate participation guarantee contract              | —                                                                       | —                                                | 35,837,196                                         | 35,837,196            |
| Vanguard Bond Market Index Fund                         | 76,367,256                                                              | —                                                | —                                                  | 76,367,256            |
| Equity type investments:                                |                                                                         |                                                  |                                                    |                       |
| Vanguard Institutional Index Fund                       | 138,110,471                                                             | —                                                | —                                                  | 138,110,471           |

- (2) The following is a description of the valuation methodologies used to determine fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy.

IPG Contract

The IPG contract is carried at fair value, which is comprised of contract value (represents contributions made, plus interest earned, less funds used to pay claims, premiums and fees) plus a fair value adjustment (“FVA”). The FVA is the difference between the estimated cost of purchasing annuities in the open market upon termination of the Contract, referred to as Market Annuity Cost (“MAC”) and the cost of purchasing annuities using the discontinuance provisions of the contract, referred to as the Contract Annuity Cost (“CAC”). The carrying value of the IPG contract was \$3,386,523,393 and \$4,544,148,725 at December 31, 2022 and 2021, respectively. Mortality and interest rate assumptions are significant inputs in the calculation and are derived from market data, contractual provisions and management’s judgement. Therefore, the fair value of the IPG contract is classified as Level 3. The discount rates used to derive the FVA ranged between 5% and 6% in 2022 and 2% and 3% in 2021. The mortality tables used to derive the MAC are consistent with the mortality tables used to determine the actuarial present value of accumulated benefits. The mortality table used to calculate the CAC is the 1983 group annuity table with static projection to the measurement date.

Investment in Pooled Separate Accounts

The pooled separate accounts NAV represents the fair value of each unit held by the tax-qualified pension plans and is the level at which transactions occur. The investments are measured using NAV as a practical expedient, and are not required to be leveled.

Investment in Third-Party Real Estate Investment Funds

The Morgan Stanley Prime Property Fund, Invesco Core Real Estate - U.S.A. Fund, and JP Morgan Strategic Property Fund are third-party real estate investment funds that invest primarily in real estate and real estate related assets. The tax-qualified pension plans own shares in these funds and the NAV represents the fair value of each unit held by the plans. The investments are measured using NAV as a practical expedient, and are not required to be leveled.

Mutual Funds & Similar Investments

The MainStay MacKay International Equity Fund and the Vanguard Funds, which are open end registered mutual funds, and the FIAM Small Capitalization Core Commingled Pool, which is a collective investment trust, are priced using a daily NAV. These prices are publicly published, and there are no restrictions on contributions and withdrawals. As such, they are classified as Level 1.

CSUL and CSVUL Policies

The CSUL and the CSVUL policies are reported at cash surrender value. These policies have surpassed their surrender charge period; therefore, their cash value and their contract value are equal. These policies are classified as Level 3 since the valuation relies on unobservable inputs to these policies. There is also no secondary market for these assets.

Cash, Cash equivalents and short-term investments

The carrying value of cash is equivalent to its fair value and is classified as Level 1 in the fair value hierarchy as the amounts are available on demand. Due to the short-term maturities, the carrying value of short-term investments and cash equivalents is presumed to approximate fair value and is classified as Level 2.

D. Long-term Rate of Return on Plan Assets

The expected long-term rate of return on plan assets is based on (1) an evaluation of the historical behavior of the broad financial markets, (2) the plan’s target asset allocation, and (3) the future expectations for returns for each asset class, modified by input from the plan’s investment consultant based on the current economic and financial market conditions.

E. Defined Contribution Plans

The Company maintains various tax-qualified and non-qualified defined contribution plans covering eligible U.S. employees and agents (401(k) plans). For employees, the plans provide for pre-tax, after-tax and/or after-tax Roth salary reduction contributions (subject to maximums) and Company matching contributions of up to 5% of annual salary (base plus eligible incentive pay are considered). The Company’s matching contributions to the employees’ tax-qualified plan totaled \$54,516,215 and \$52,083,320 for the years ended December 31, 2022 and 2021, respectively. A non-qualified plan credits participant and Company matching contributions with respect to compensation in excess of the amount that may be taken into account under the tax-qualified plan. For the years ending December 31, 2022 and 2021, the Company’s matching contributions to the employees’ non-qualified plans totaled \$2,773,190 and \$2,709,497, respectively.

For agents, the plan provides for pre-tax and or/after-tax Roth commission reduction agreements, subject to maximums.

The Company annually determines the level of Company contributions to the agents’ plan. Contributions are based on each participant’s net renewal commissions, net renewal premiums and cash values for the plan year on certain policies for which the participant is the original writing agent. In 2022 and 2021, the Company’s contributions to the agents’ tax-qualified plan totaled \$1,905,197 and 1,586,731A non-qualified plan credits Company contributions with respect to compensation earned based on production and policy persistency. For

NOTES TO FINANCIAL STATEMENTS

the years ending December 31, 2022 and 2021, the Company’s contributions to the agents’ non-qualified plans totaled \$6,891,426 and \$6,941,686, respectively.

F. Multiemployer Plans

Not applicable.

G. Consolidated/Holding Company Plans

Not applicable.

H. Postemployment Benefits and Compensated Absences

Certain employees are provided contractual termination benefits under postemployment plans as a result of their involuntary termination. The Company’s obligation for these benefits resulted in a recognition of accumulated liabilities of \$825,000 and \$87,500 at December 31, 2022 and 2021, respectively. Costs associated with these benefits were \$4,798,463 and \$3,464,673 for the years ended December 31, 2022 and 2021, respectively. The Company allocates a share of the cost of contractual termination benefits with its subsidiaries in accordance with an intercompany cost sharing agreement. The liabilities for these plans are included with the liabilities for the corresponding plan of the Company.

I. Impact of Medicare Modernization Act (“The Act”) on Postretirement Benefits (INT 04-17)

- (1) Not applicable.
- (2) Not applicable.
- (3) For the years ended December 31, 2022 and 2021, the Company paid \$49,285,641 and 46,760,118 respectively, in gross benefit payments related to health benefits. For the years ended December 31, 2022 and 2021, the Company did not receive any gross subsidy receipts.

13. Capital and Surplus, Dividend Restrictions and Quasi-Reorganizations

- A. The Company is a mutual insurance company and therefore has no shareholders.
- B. Not applicable.
- C.-E. The Company is a mutual insurance company and therefore has no shareholder dividends.
- F. No restrictions have been placed on the unassigned surplus funds of the Company.
- G. The Company did not have any advances to surplus.
- H. The Company did not hold any stock, including stock of affiliated companies, for any special purpose.
- I. At December 31, 2022, the Company did not hold any special surplus funds.
- J. The portion of unassigned funds (surplus) represented by cumulative net unrealized gains was \$5,570,072,630, gross of deferred taxes, at December 31, 2022.
- K. The following table summarizes the Company's surplus notes issued and outstanding at December 31, 2022:

| Item Number | Date Issued | Interest Rate | Original Issue Amount of Note | Is Surplus Note Holder a Related Party (Y/N) | Carrying Value of Note Prior Year | Carrying Value of Note Current Year* | Unapproved Interest And/Or Principal |

The 2020 Notes, 2019 Notes, 2009 Notes and the 2003 Notes (collectively, the “Notes”) were issued pursuant to Rule 144A under the Securities Act of 1933, as amended, and are administered by Citibank, as registrar/paying agent. Interest on the Notes is paid semi-annually on May 15th and November 15th of each year.

The Notes are unsecured and subordinated to all present and future indebtedness, policy claims and other creditor claims against the Company. Under New York State Insurance Law, the Notes are not part of the legal liabilities of the Company. Each payment of interest or principal may be made only with the prior approval of the Superintendent of Financial Services of the State of New York (“Superintendent”) and only out of surplus funds, which the Superintendent determines to be available for such payments under New York State Insurance Law. Provided that approval is granted by the Superintendent, the Notes may be redeemed at the option of the Company at any time at the “make-whole” redemption price equal to the greater of: (1) the principal amount of the Notes to be redeemed, or (2) the sum of the present values of the remaining scheduled interest and principal payments on the notes to be redeemed, excluding accrued interest as of the date on which the Notes are to be redeemed, discounted on a semi-annual basis at an adjusted treasury rate plus 20 basis points for the 2003 Notes, 40 basis points for the 2009 Notes, 25 basis points for the 2019 Notes, and 40 points for the 2020 Notes, respectively, plus in each case, the accrued interest on the notes to be redeemed to the redemption date.

No affiliates owned any of the Notes at December 31, 2022. At December 31, 2022, State Street Bank & Trust Co, Bank of New York Mellon, JP Morgan Chase Bank, Northern Trust and Citibank were each the holder of record at The Depository Trust Company of more than 10% of the outstanding amount of the Notes, with each holding Notes, at least in part, for the accounts of their respective clients.

L.-M. The Company has never had a quasi-reorganization.

14. Liabilities, Contingencies and Assessments

A. Contingent Commitments

(1) Commitments or contingent commitments

At December 31, 2022, the Company and its guaranteed separate accounts had outstanding contractual obligations to acquire additional private placement securities amounting to \$1,297,950,282.

Unfunded commitments on limited partnerships, limited liability companies and other invested assets amounted to \$4,695,597,662 at December 31, 2022. Included in the total unfunded commitments are \$174,055,619 related to commitments on LIHTC investments, which have been recorded in other invested assets on Page 2 – Assets with a corresponding liability in payable for securities on Page 3 – Liabilities, Surplus and Other Funds.

At December 31, 2022, the Company and its guaranteed separate accounts had contractual commitments to extend credit for commercial mortgage loans totaling \$616,835,163 at both fixed and variable rates of interest. These commitments are diversified by property type and geographic location. There were no contractual commitments to extend credit under residential loan agreements at December 31, 2022.

(2) Guarantees

At December 31, 2022, the Company had the following outstanding guarantees:

NOTES TO FINANCIAL STATEMENTS

| 1. | On July 11, 2008, the Company executed an agreement to indemnify Apogem Capital LLC. (formerly known as GoldPoint Partners LLC) for capital contributions Apogem Capital LLC indemnification obligations to NYLCAP Select Manager Fund, LP.                                                                                                                                                                                                                                               | Exempt. Guarantee is on behalf of a wholly owned subsidiary. <sup>1</sup> | Expenses would increase                                                                                                                                                 | \$25,000,000                                                                                                                                    | The Company oversees the operations of Apogem Capital LLC and assesses the risk to be minimal.                                                                                                        |
| 2. | On January 17, 2012, the Company executed an agreement to indemnify Apogem Capital LLC for capital contributions that may be required in connection with Apogem Capital LLC's indemnification obligations to NYLCAP Select Manager Fund II, L.P.                                                                                                                                                                                                                                          | Exempt. Guarantee is on behalf of a wholly owned subsidiary. <sup>1</sup> | Expenses would increase                                                                                                                                                 | \$25,000,000                                                                                                                                    | The Company oversees the operations of Apogem Capital LLC and assesses the risk to be minimal.                                                                                                        |
| 3. | On April 7, 2015, the Company executed an agreement to indemnify Apogem Capital LLC for capital contributions that may be required in connection with Apogem Capital LLC's indemnification obligations to NYLCAP Select Manager Fund III, L.P.                                                                                                                                                                                                                                            | Exempt. Guarantee is on behalf of a wholly owned subsidiary. <sup>1</sup> | Expenses would increase                                                                                                                                                 | \$25,000,000                                                                                                                                    | The Company oversees the operations of Apogem Capital LLC and assesses the risk to be minimal.                                                                                                        |
| 4. | On September 28, 1995, the Company entered into a support agreement with NYLCC to maintain a positive net worth of NYLCC of at least \$1. Since NYLCC only makes loans to the Company or its participating wholly owned subsidiaries, the Company would only be obligated under the guarantee in the event that one of the participating subsidiaries defaulted under its loan.                                                                                                           | Exempt. Guarantee is on behalf of a wholly owned subsidiary. <sup>1</sup> | None. The financial statement impact of performance under the guarantee would be offset by an increase in SCA associated with the defaulting subsidiary's debt release. | \$3,500,000,000                                                                                                                                 | Based on NYLCC's financial position and operations, the Company considers the risk of performance to be minimal.                                                                                      |
| 5. | On November 7, 2007, the Company issued a guarantee to the Bank of New York ("BoNY") unconditionally guaranteeing the debts of MCF in connection with a standby letter of credit entered between MCF and BoNY. MCF provides revolving loans to third parties. The borrower sometimes requires a line of credit to be issued by a bank to back the revolving loan. In order for BoNY to enter into this line of credit, they required the Company to provide a guarantee on behalf of MCF. | Exempt. Guarantee is on behalf of a wholly owned subsidiary. <sup>1</sup> | Expenses would increase                                                                                                                                                 | \$100,000,000                                                                                                                                   | The Company, in the ordinary course of business, provides MCF with capital and financing to meet their obligations. The Company views the risk of performance under this guarantee to be minimal.     |
| 6. | On December 6, 2022, the Company closed on a 364-day revolving credit facility with MCF as borrower and the Company as guarantor. The credit facility is being provided by a group of banks led by Wells Fargo. With the Company as guarantor, MCF received much lower pricing from the banks. In return, MCF will compensate the Company for providing the guaranty with an annual fee.                                                                                                  | Exempt. Guarantee is on behalf of a wholly owned subsidiary. <sup>1</sup> | Expenses would increase                                                                                                                                                 | \$400,000,000                                                                                                                                   | The Company views the risk of performance under this guarantee as remote.                                                                                                                             |
| 7. | The Company issues funding agreements to New York Life Global Funding, which issues, or has issued notes to investors. If any taxing authority imposes withholding taxes on the payments due under the funding agreements or such notes (for example, as a result of a law change), the Company is required, in certain instances, to increase the payments on the funding agreements to make up for the amounts required to be withheld.                                                 | Exempt. Related party guarantee that is unlimited.                        | Expenses would increase                                                                                                                                                 | The Company cannot estimate the maximum liability. The Company cannot anticipate the risk or amount that taxing authorities may withhold taxes. | The Company does not view its risk of performance under the guarantee to be significant. Additionally, if withholding becomes required, the Company is permitted to terminate the funding agreements. |
| 8. | The Company has entered into certain arrangements with various regulators whereby the Company agreed to maintain NYLAZ's capital and surplus at certain levels.                                                                                                                                                                                                                                                                                                                           | Exempt. Related party guarantee that is unlimited.                        | None                                                                                                                                                                    | Unlimited                                                                                                                                       | Capital contributions to wholly owned subsidiaries would not affect the Company's financial position.                                                                                                 |

NOTES TO FINANCIAL STATEMENTS

|     | Nature and circumstances of guarantee and key attributes                                                                                                                                                                                                                                                                                                                                                                                                                                                                           | Liability recognition of guarantee                                      | Ultimate financial statement impact if action under the guarantee is required | Maximum potential amount of future payments (undiscounted) the Company could be required to make under the guarantee | Current status of payment or performance risk of guarantee                                                                                        |

| 9.  | The Company, along with several other insurance companies, entered into a supplemental benefits reinsurance and participation agreement with Guaranty Association Benefits Company (GABC), a captive insurance company created to assume and reinsure certain restructured annuity obligations of Executive Life Insurance Company of New York (ELNY). The participating life insurance companies agreed to assure that each individual payee under ELNY contracts will receive from GABC total annuity benefits due to the payee. | \$0                                                                     | Expenses would increase                                                       | Unlimited                                                                                                            | Based on an analysis performed by an independent risk management firm, the Company does not anticipate that any further funding will be required. |
| 10. | On September 12, 2012, the Company issued a guarantee for the full and punctual payment of all amounts that are or may become due and payable by NYL Cayman Holdings Ltd., NYLE, and Seguros Monterrey New York Life S.A. to Ace INA International Holdings Ltd. in connection with the sale by NYL Cayman Holdings Ltd., NYLE and Seguros Monterrey New York Life S.A. of New York Life Worldwide Capital, LLC, the holding company for Fianzas Monterrey, S.A. and its subsidiary, Operadora FMA, S.A. de C.V.                   | Exempt. Guarantee is on behalf of previously wholly owned subsidiaries. | Expenses would increase                                                       | Unlimited                                                                                                            | The Company views the risk of performance under this guarantee as remote.                                                                         |
| 11. | On June 25, 2013, the Company issued a guarantee for the full and timely payment of certain indemnity payments that may become due and payable by NYLE to Yuanta Financial Holding Co., Ltd. ("Yuanta") in connection with the sale by NYLE of New York Life Insurance Taiwan Corporation.                                                                                                                                                                                                                                         | Exempt. Guarantee is on behalf of previously wholly owned subsidiaries. | Expenses would increase                                                       | Unlimited                                                                                                            | The Company views the risk of performance under this guarantee as remote.                                                                         |

<sup>1</sup> This exemption only applies to guarantees issued on behalf of wholly-owned subsidiaries that do not have negative equity.

(3) Guarantee Obligations

|                                                                                                                                             |    |               |
|---------------------------------------------------------------------------------------------------------------------------------------------|----|---------------|
| a. Aggregate maximum potential of future payments of all guarantees (undiscounted) the guarantor could be required to make under guarantees | \$ | 4,075,000,000 |
| b. Current liability recognized in financial statements                                                                                     |    |               |
| 1. Noncontingent liabilities                                                                                                                | \$ | —             |
| 2. Contingent liabilities                                                                                                                   | \$ | —             |
| c. Ultimate financial statement impact if action under the guarantee is required                                                            |    |               |
| 1. Investments in SCA                                                                                                                       | \$ | —             |
| 2. Joint venture                                                                                                                            | \$ | —             |
| 3. Dividends to stockholders                                                                                                                | \$ | —             |
| 4. Expense                                                                                                                                  | \$ | 575,000,000   |
| 5. Other                                                                                                                                    | \$ | —             |

B. Assessments

- (1) Most of the jurisdictions in which the Company is licensed to transact business require life insurers to participate in guaranty associations which are organized to pay contractual benefits pursuant to insurance policies issued by impaired, insolvent or failed life insurers. These associations levy assessments, up to prescribed limits, on all member insurers in a particular state on the basis of the proportionate share of the premiums written by member insurers in the line of business in which the impaired, insolvent or failed life insurer is engaged. Some states permit member insurers to recover assessments through full or partial premium tax offsets.

The Company has received notification of the insolvency of various life insurers. It is expected that these insolvencies will result in non-recoverable guaranty fund assessments against the Company of \$617,997, which have been accrued in the financial statements.

- (2) Assets recognized from paid and accrued premium tax offsets and policy surcharges

|                                                                                                       |    |           |
|-------------------------------------------------------------------------------------------------------|----|-----------|
| a. Assets recognized from paid and accrued premium tax offsets and policy surcharges prior year-end   | \$ | 3,435,517 |
| b. Decreases current year:                                                                            |    |           |
| Premium tax offset applied                                                                            |    | (928,011) |
| Decrease in guaranty funds receivable                                                                 |    | —         |
| c. Increases current year:                                                                            |    |           |
| Increase in guaranty funds receivable                                                                 |    | 3,206,666 |
| d. Assets recognized from paid and accrued premium tax offsets and policy surcharges current year-end | \$ | 5,714,172 |

NOTES TO FINANCIAL STATEMENTS

(3) Long-term care guarantee fund assessments

a - c. At December 31, 2022, the Company's guaranty association liability and related asset recoverable for long-term care insolvency assessments were \$1,042,641 and \$582,571, respectively. The liability estimates for these assessments are based on discounted cost information for the Penn Treaty/American Network insolvencies, which was provided by the National Organization of Life and Health Guaranty Association. The Company did not further discount these amounts.

C. Gain Contingencies

Not applicable.

D. Claims Related Extra Contractual Obligation and Bad Faith Losses Stemming from Lawsuits

The Company's exposure to extra contractual obligations and bad faith losses is immaterial.

E. Joint and Several Liabilities

Not applicable.

F. All Other Contingencies

The Company and/or its subsidiaries are defendants in individual and/or alleged class action suits arising from their agency sales force, insurance (including variable contracts registered under the federal securities law), investment, retail securities, employment and/or other operations, including actions involving retail sales practices. Some of the actions seek substantial or unspecified compensatory and punitive damages. The Company and/or its subsidiaries are also from time to time involved in various governmental, administrative, and investigative proceedings and inquiries.

Notwithstanding the uncertain nature of litigation and regulatory inquiries, the outcome of which cannot be predicted, the Company believes that, after provisions made in the financial statements, the ultimate liability that could result from litigation and proceedings would not have a material adverse effect on the Company's financial position; however, it is possible that settlements or adverse determinations in one or more actions or other proceedings in the future could have a material adverse effect on the Company's operating results for a given year.

Several commercial banks have customary security interests in certain assets of the Company to secure potential overdrafts and other liabilities of the Company that may arise under custody, securities lending and other banking agreements with such banks.

Based upon Company experience, the amount of premiums and other accounts receivable that may become uncollectible and result in a potential loss is not material to the Company's financial condition.

15. Leases

A. Lessee Operating Lease

(1)a The Company is a party to an affiliated group air transportation services agreement entered into with NYLIFE LLC in November 2004. Under the terms of the agreement, the Company, in conjunction with certain specified affiliates, leases an aircraft from NYLIFE LLC. Costs associated with the lease are determined on a fully allocated basis and allotted to the parties based on usage. The Company's share of expenses associated with the lease of the aircraft was \$4,419,186 in 2022. The agreement expires in 2024.

Rent expense for all other leases for the year ended December 31, 2022 amounted to \$125,210,499, of which \$61,995,147 was billed to subsidiaries in accordance with an intercompany cost sharing agreement.

(1)b The Company does not have any leases with contingent rental payments.

(1)c--(1)d The Company, as lessee, has various lease agreements for real property (including leases of office space) and lease agreements for data processing and other equipment. Under the real property leases, the Company does not have the option to purchase the leased property except in the case of the Company's lease at 63 Madison Avenue, New York, NY. Under the equipment agreements, the Company has the option to purchase only the equipment. The leases on equipment do not contain any escalation clauses, but the majority of real property leases have escalation clauses that require the Company to pay expense increases over a specified amount. Real property leases typically have a variety of restrictions imposed on the lessee, which are generally customary in the marketplace and are not of a financial nature. Equipment leases do not have any restrictions.

(1)e The following lease agreements have terminated early for the year ended December 31, 2022:

| Lease                  | Termination Date | Expiration Date |
|------------------------|------------------|-----------------|
| GBS - Chicago (WeWork) | 12/01/2022       | 10/31/2022      |
| Stable Value           | 12/31/2022       | 12/31/2022      |

(2)a A summary of the approximate future minimum rental payments required under operating leases that have initial or remaining non-cancellable lease terms for the next five years and thereafter is as follows:

| Year       | Real Property  | Equipment     | Total          |
|------------|----------------|---------------|----------------|
| 2023       | \$ 116,879,202 | \$ 18,221,442 | \$ 135,100,644 |
| 2024       | 102,315,034    | 16,044,093    | 118,359,127    |
| 2025       | 77,454,381     | 13,990,422    | 91,444,803     |
| 2026       | 73,411,417     | 12,940,906    | 86,352,323     |
| 2027       | 70,111,496     | 13,744,694    | 83,856,190     |
| Thereafter | 192,055,256    | —             | 192,055,256    |
| Total      | \$ 632,226,786 | \$ 74,941,557 | \$ 707,168,343 |

(2)b The Company had \$8,189,841 of minimum rentals to be received in the future under non-cancellable subleases at December 31, 2022.

(3)a In connection with the sale of one of its home office properties in 1995, the Company had entered into an agreement, as amended in 2009 and 2019, to lease back a portion of the building through 2024. The total future lease obligations in connection with this agreement of \$14,549,988 at December 31, 2022 are included in the above table.

(3)b Not applicable.

NOTES TO FINANCIAL STATEMENTS

B. Lessor Leases

Not applicable.

16. Information About Financial Instruments with Off-Balance Sheet Risk and Financial Instruments with Concentrations of Credit Risk

- (1) The following table summarizes the notional amount of the Company's financial instruments with off-balance sheet risk (derivative instruments that qualify for hedge accounting):

|                           | Assets           |                  | Liabilities      |                  |
|---------------------------|------------------|------------------|------------------|------------------|
|                           | 2022             | 2021             | 2022             | 2021             |
| Foreign currency swaps    | \$ 2,188,872,802 | \$ 2,409,487,020 | \$ 4,673,529,351 | \$ 4,095,310,705 |
| Interest rate swaps       | 38,500,000       | 38,500,000       | 300,000,000      | 100,000,000      |
| Foreign currency forwards | 77,295,433       | 43,822,490       | —                | 36,343,525       |
| Bond forwards             | —                | 1,285,000,000    | 2,385,000,000    | 1,800,000,000    |
| CD swaps                  | 450,000,000      | 50,000,000       | —                | —                |
| Total                     | \$ 2,754,668,235 | \$ 3,826,809,510 | \$ 7,358,529,351 | \$ 6,031,654,230 |

See Schedule DB of the Company's annual statement for additional details.

- (2) Refer to Note 8 - Derivative Instruments, for a description of the Company's derivatives.
- (3) The Company may enter into exchange traded futures and over-the-counter ("OTC") derivative instruments. Exchange traded derivatives are executed through regulated exchanges and require initial and daily variation margin collateral postings. The Company is exposed to credit risk resulting from default of the exchange. OTC derivatives may either be cleared through a clearinghouse ("OTC-cleared") or transacted between the Company and a counterparty under bilateral agreements ("OTC-bilateral"). Similar to exchange traded futures, OTC-cleared derivatives require initial and daily variation margin collateral postings. When transacting OTC-cleared derivatives, the Company is exposed to credit risk resulting from default of the clearinghouse and/or default of the Futures Commission Merchant (e.g. clearinghouse agent).

For OTC-bilateral derivatives, the Company obtains collateral in accordance with the terms of credit support annexes ("CSAs") negotiated as part of the master agreements entered into with most OTC-bilateral counterparties. CSAs define the terms under which collateral is transferred between the parties in order to mitigate credit risk arising from "in the money" derivative positions. The VM CSA requires that an OTC-bilateral counterparty post collateral to secure its anticipated derivative obligation, taking into account netting arrangements. Under federal regulation that became effective on September 1, 2021, additional margin is required to be posted to and collected from counterparties to OTC-bilateral derivatives to cover market movements over a ten day close-out period. This "initial margin" is documented under its own IM CSA and amounts posted under the IM CSA must be maintained at a third-party custodian, without any right of rehypothecation. In addition, certain of the Company's agreements require that if the Company's (or its counterparty's) credit rating were to fall below a specified rating assigned by a credit rating agency, the other party could request immediate payout on all transactions under the agreements or full collateralization of the positions thereunder. Cash collateral is invested in short-term investments.

The Company may be exposed to credit-related losses in the event that an OTC-bilateral counterparty fails to perform its obligations under its contractual terms. In contractual arrangements with OTC-bilateral counterparties that do not include netting provisions, in the event of default, credit exposure is limited to the positive fair value of derivatives at the reporting date. In contractual arrangements with OTC-bilateral counterparties that include netting provisions, in the event of default, credit exposure is limited to the net fair value, if positive, of all derivatives at the reporting date.

See Schedule DB of the Company's annual statement for additional details.

- (4) The Company manages its credit risk by entering into transactions with creditworthy counterparties, using master netting arrangements, and obtaining collateral where appropriate. All of the net credit exposure for the Company from derivatives transactions is with investment-grade counterparties. For OTC-cleared and exchange traded derivatives, the Company obtains collateral through variation margin which is adjusted daily based on the parties' net derivative position.

For OTC-bilateral derivatives, the Company obtains collateral in accordance with the terms of credit support annexes ("CSAs") negotiated as part of the master agreements entered into with most OTC-bilateral counterparties. In addition, certain of the Company's contracts require that, if the Company's (or its counterparty's) credit rating were to fall below a specified rating assigned by a credit rating agency, the other party could request immediate payout on all transactions under the contract or full collateralization of the positions there under. Cash collateral is invested in short-term investments.

17. Sale, Transfer and Servicing of Financial Assets and Extinguishments of Liabilities

A. Transfers of Receivables Reported as Sales

Not applicable.

B. Transfer and Servicing of Financial Assets

- (1) The Company participates in securities lending programs whereby securities, which are included in investments, are loaned to third-parties for the purpose of enhancing income on securities held through reinvestment of cash collateral received upon lending. For securities lending transactions, the Company requires initial collateral, usually in the form of cash, equal to 102% of the fair value of domestic securities loaned. The borrower of the loaned securities is permitted to sell or repledge those securities. For securities lending transactions, the carrying value of securities classified as bonds and on loan at December 31, 2022 was \$566,297,383 with a fair value of \$500,026,795. The Company recorded cash collateral received under these agreements of \$511,379,515 and established a corresponding liability for the same amount, which is included in payable for securities lending on Page 3 – Liabilities, Surplus and Other Funds. At December 31, 2022, there were no separate account securities lending agreements.

The Company participates in dollar repurchase agreements to sell and repurchase securities. The purchaser of the securities is permitted to sell or repledge those securities. At December 31, 2022, the Company's general account did not enter into any dollar repurchase agreements. At December 31, 2022, the carrying value and fair value of securities sold from the separate accounts under dollar repurchase agreements was \$26,329,276, which were agency mortgage-backed-pass-through securities that were classified as bonds and those securities had a weighted average maturity of 25 years, with a weighted average yield of 5%. The Company recorded a liability for \$27,289,662, which represents the repurchase price of the assets.

- (2)-(7) Not applicable.

NOTES TO FINANCIAL STATEMENTS

C. Wash Sales

- (1) In the course of the Company's investment management activities, securities may be sold and repurchased within 30 days of the sale date to meet individual portfolio objectives and to achieve the ongoing rebalancing of exposure.
- (2) The Company did not have any wash sales where securities with an NAIC rating designation of 3 or below, or unrated, were sold during the year ended December 31, 2022 and reacquired within 30 days of the sale date.

18. Gain or Loss to the Insurer from Uninsured Plans and the Uninsured Portion of Partially Insured Plans

Not applicable.

19. Direct Premium Written/Produced by Managing General Agents/Third-Party Administrators

The Company did not have any direct premium written/produced by managing general agents/third-party administrators equal to or greater than 5% of surplus during 2022.

20. Fair Value Measurements

- A. The Company's financial assets and liabilities carried at fair value have been classified, for disclosure purposes, based on a hierarchy defined by SSAP No. 100, "Fair Value Measurements". Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This guidance establishes a framework for measuring fair value that includes a hierarchy used to classify the inputs used in measuring fair value. The hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three levels. The level in the fair value hierarchy within which the fair value measurement falls is determined based on the lowest level input that is significant to the fair value measurement.
  - (1) The levels of the fair value hierarchy are based on the inputs to the valuation as follows:
    - Level 1 Fair value is based on unadjusted quoted prices for identical assets or liabilities in an active market. Active markets are defined as a market in which many transactions occur with sufficient frequency and volume to provide pricing information on an ongoing basis.
    - Level 2 Observable inputs other than level 1 prices, such as quoted prices in active markets for similar assets or liabilities; quoted prices in markets that are not active for identical or similar assets or liabilities, or other model driven inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. Valuations are generally obtained from third-party pricing services for identical or comparable assets or liabilities or through the use of valuation methodologies using observable market inputs.
    - Level 3 Instruments whose values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. These inputs reflect management's own assumptions in pricing the asset or liability. Pricing may also be based upon broker quotes that do not represent an offer to transact. Prices are determined using valuation methodologies such as option pricing models, discounted cash flow models and other similar techniques. Non-binding broker quotes, which are utilized when pricing service information is not available, are reviewed for reasonableness based on the Company's understanding of the market, and are generally considered Level 3. To the extent the internally developed valuations use significant unobservable inputs, they are classified as Level 3.

NOTES TO FINANCIAL STATEMENTS

The following table represents the balances of assets and liabilities measured at fair value or NAV as of December 31, 2022:

|                                                             | Quoted Prices<br>in Active<br>Markets for<br>Identical Assets<br>(Level 1) | Significant<br>Observable<br>Inputs<br>(Level 2) | Significant<br>Unobservable<br>Inputs<br>(Level 3) | Net Asset Value<br>(NAV) | Total            |
|-------------------------------------------------------------|----------------------------------------------------------------------------|--------------------------------------------------|----------------------------------------------------|--------------------------|------------------|
| a. Assets at fair value                                     |                                                                            |                                                  |                                                    |                          |                  |
| 1. Preferred stocks                                         | \$ —                                                                       | \$ 4,290,660                                     | \$ 108,227,522                                     | \$ —                     | \$ 112,518,182   |

<sup>1</sup> The total gains or (losses) included in surplus for separate accounts assets are offset by an equal amount for separate accounts liabilities, which results in a net zero impact on surplus for the Company.

Transfers between levels

Transfers between levels may occur due to changes in valuation sources, or changes in the availability of market observable inputs, which generally are caused by changes in market conditions such as liquidity, trading volume or bid-ask spreads, or as a result of a security measured at amortized cost at the beginning of the period, but measured at estimated fair value at the end of the period, or vice versa due to a ratings downgrade or upgrade.

Transfers into and out of Level 3

The Company's basis for transferring assets and liabilities into and out of Level 3 is based on changes in the observability of data, a change in the security's measurement or changes in redemption restrictions of certain separate account investments.

NOTES TO FINANCIAL STATEMENTS

Transfers into Level 3 totaled \$360,158 for the year ended December 31, 2022, which primarily relates to a non-agency asset backed security that was measured at amortized cost at the beginning of the period and measured at fair value at the end of the period. Transfers out of Level 3 totaled \$19,071,366 for the year ended December 31, 2022, which relates to \$17,061,062 of separate accounts assets that had a level change due to the use of a quoted price in an active market, and \$2,010,304 of non-agency asset-backed securities measured at fair value at the beginning of the period and measured at amortized cost at the end of the period.

(4)-(5) Determination of Fair Value

The Company has an established and well-documented process for determining fair value. Security pricing is applied using a hierarchy approach whereby publicly available prices are first sought from nationally recognized third-party pricing services. For most private placement securities, the Company applies a matrix-based pricing methodology, which uses spreads derived from third-party benchmark bond indices. For private placement securities that cannot be priced through these processes, the Company uses internal models and calculations. All other securities are submitted to independent brokers for prices. The Company performs various analyses to ascertain that the prices represent fair value. Examples of procedures performed include, but are not limited to, back testing recent trades, monitoring trading volumes, and performing variance analysis of monthly price changes using different thresholds based on asset type. The Company also performs an annual review of all third-party pricing services. During this review, the Company obtains an understanding of the process and sources used by the pricing service to ensure that they maximize the use of observable inputs, the pricing service's frequency of updating prices, and the controls that the pricing service uses to ensure that their prices reflect market assumptions. The Company also selects a sample of securities and obtains a more detailed understanding from each pricing service regarding how they derived the price assigned to each security. Where inputs or prices do not reflect market participant assumptions, the Company will challenge these prices and apply different methodologies that will enhance the use of observable inputs and data. The Company may use non-binding broker quotes or internal valuations to support the fair value of securities that go through this formal price challenge process. At December 31, 2022, the Company did not have any price challenges on general account and separate account securities for what it received from third party pricing services.

In addition, the Company has a pricing committee that provides oversight over the Company's prices and fair value process for securities. The committee meets quarterly and is responsible for the review and approval of the Company's valuation procedures. The committee is also responsible for the review of pricing exception reports as well as the review of significant inputs used in the valuation of assets that are valued internally.

For Level 1 investments, valuations are generally based on observable inputs that reflect quoted prices for identical assets in active markets.

The fair value for Level 2 and Level 3 valuations are generally based on a combination of the market and income approach. The market approach generally utilizes market transaction data for the same or similar instruments, while the income approach involves determining fair values from discounted cash flow methodologies.

The following represents a summary of significant valuation techniques for assets and liabilities used to determine fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy.

**Level 1 measurements**

*SVO identified bond ETF*

For U.S. SAP, certain SVO approved ETF and mutual funds. Valuation of these securities is based on unadjusted quoted prices in active markets that are readily and regularly available. All other ETFs and mutual funds are classified and accounted for as common stock.

*Common stocks*

These securities are comprised of exchange traded U.S. and foreign common stock and mutual funds. The fair value of these securities is primarily based on unadjusted quoted prices in active markets that are readily and regularly available.

*Derivatives (including separate accounts liabilities – derivatives)*

These derivatives are comprised of exchange traded future contracts. The fair value of these securities is primarily based on unadjusted quoted prices in active markets that are readily and regularly available.

*Separate accounts assets*

These assets are comprised of cash and common stocks. Common stocks are generally traded on an exchange.

**Level 2 measurements**

*Preferred stocks*

The fair value of preferred stock is obtained from third-party pricing services. Vendors generally use an income-based valuation approach by using a discounted cash flow model or it may use a market approach to arrive at the security's fair value or a combination of the two.

*Bonds*

The fair value of bonds is obtained from third-party pricing services, matrix-based pricing, internal models or broker quotes. Third-party pricing services generally use an income-based valuation approach by using a discounted cash-flow model or it may also use a market approach by looking at recent trades of a specific security to determine fair value on public securities or a combination of the two. Typical inputs used by these pricing services include, but are not limited to: benchmark yields, reported trades, issuer spreads, bids, offers, benchmark securities, estimated cash flows and prepayment speeds, which the Company has determined are observable inputs.

Private placement securities are primarily priced using a market approach such as a matrix-based pricing methodology, which uses spreads derived from third-party benchmark bond indices. Specifically, the Barclays Investment Grade Corporate Index is used for investment-grade securities and the Citi High Yield Cash Index is used for below investment-grade securities. These indices are two widely recognized, reliable and well regarded benchmarks by participants in the financial services industry, which represent the broader U.S. public bond markets. The spreads derived from each matrix are adjusted for liquidity. The liquidity premium is standardized and based on market transactions.

Certain private placement securities that cannot be priced using the matrix pricing described above, are priced by an internally developed discounted cash flow model or are priced based on internal calculations. The model uses observable inputs with a discount rate based off spreads of comparable public bond issues, adjusted for liquidity, rating and maturity. The Company assigns a credit rating for private placement securities based upon internal analysis. The liquidity premium is usually based on market transactions. These securities are classified as Level 2.

NOTES TO FINANCIAL STATEMENTS

For some of the private placement securities priced through the model, the liquidity adjustments may not be based on market data, but rather, calculated internally. If the impact of the liquidity adjustment, which usually requires the most judgment, is not significant to the overall value of the security, the security is still classified as Level 2. If it is deemed to be significant, the security is classified as Level 3.

Derivatives

The fair value of derivative instruments is generally derived using valuation models that use an income approach, except for derivatives, which are either exchange-traded, or the fair value is priced using broker quotations. The selection of a particular model depends upon the contractual terms of, and specific risks inherent in the instrument, as well as the availability of pricing information in the market. The Company generally uses similar models to value similar instruments. Valuation model inputs include contractual terms, yield curves, foreign exchange rates, equity prices, credit curves, measures of volatility, and other factors. OTC derivatives that trade in liquid markets, where model inputs are observable for substantially the full term, are classified as Level 2.

Separate accounts assets

These are assets primarily related to investments in U.S. government and treasury securities, corporate bonds and mortgage-backed securities. These separate accounts assets are valued and assigned within the fair value hierarchy, consistent with the methodologies described herein for similar financial instruments held within the general account of the Company. This also relates to investments in limited partnerships and hedge funds that use NAV where the investment can be redeemed at NAV at the measurement date or in the near-term (generally 90 days).

Level 3 measurements

Bonds

The valuation techniques for most Level 3 bonds are generally the same as those described in Level 2. However, if the investments are less liquid or are lightly traded, there is generally less observable market data, and therefore these investments will be classified as Level 3. Circumstances where observable market data are not available may include events such as market illiquidity and credit events related to the security. In addition, certain securities are priced based upon internal valuations using significant unobservable inputs. If a security could not be priced by a third-party vendor or through internal pricing models, broker quotes are received and reviewed by each investment analyst. These inputs may not be observable. Therefore, Level 3 classification is determined to be appropriate.

If the price received from third-party pricing services does not appear to reflect market activity, the Company may challenge the price. For securities which go through this formal price challenge process, a non-binding broker quote or internal valuation is used to support the fair value instead. The Company also uses non-binding broker quotes to fair value certain bonds, when the Company is unable to obtain prices from third-party vendors.

Private placement securities where adjustments for liquidity are considered significant to the overall price are classified as Level 3.

Preferred and common stocks

These securities include equity investments with privately held entities, including a government organization, where the prices are derived from internal valuations.

Derivatives

Derivatives that are valued based upon models with any significant unobservable market inputs or inputs from less actively traded markets, or where the fair value is solely derived using broker quotations, are classified as Level 3.

Other Invested Assets

Other Invested Assets include preferred units of a limited partnership. The fair value of these preferred units is derived internally based on market comparables and recent transactions by the limited partnership. The valuation technique used required inputs that were both unobservable and significant and therefore classified as Level 3.

B. Not applicable.

NOTES TO FINANCIAL STATEMENTS

C. The following table presents the estimated fair value and carrying value of the Company's financial instruments at December 31, 2022. Since the SSAP 100 hierarchy only applies to items that are measured at fair value at the reporting date, the items in the tables above are subsets of the amounts reported in the following table.

|                                                   | Fair Value         | Carrying Amount    | Level 1          | Level 2            | Level 3           | Net Asset Value (NAV) | Not Practicable (Carrying Value) |

<sup>1</sup> Excludes investments accounted for under the equity method.

Bonds

The fair value of bonds is determined by considering one of four primary sources: (1) security pricing is applied using a hierarchy approach whereby publicly available prices are first sought from nationally recognized third-party pricing services, (2) securities are priced using a matrix-based pricing methodology, which uses spreads derived from third-party benchmark bond indices, (3) securities are priced using an internal pricing model or methodology, and (4) securities are submitted to independent brokers for prices.

The pricing service generally uses an income-based valuation approach by using a discounted cash-flow model or it may also use a market approach by looking at recent trades of a specific security to determine fair value or a combination of the two. Typical inputs used by these pricing services include, but are not limited to: benchmark yields, reported trades, issuer spreads, bids, offers, benchmark securities, estimated cash flows and prepayment speeds.

Independent pricing vendors do not supply prices for private placement bonds. These securities are primarily priced using a market approach such as a matrix-based pricing methodology, which uses spreads derived from third-party benchmark bond indices. Any private securities that cannot be priced using this methodology, are priced using an internally developed model based upon assigned comparable public issues adjusted for liquidity, maturity and rating, or are priced based on internal calculations. The Company assigns a credit rating based upon internal analysis.

Prices from pricing services and broker quotes are validated on an ongoing basis to ensure the adequacy and reliability of the fair value measurement. The Company performs both quantitative and qualitative analysis of the prices including initial and ongoing review of third-party pricing methodologies, back testing of recent trades, and a thorough review of pricing trends and statistics.

Included in bonds is an affiliated bond from MCF. The affiliated bond from MCF had a carrying value of \$3,646,324,100 and a fair value of \$3,547,785,838 at December 31, 2022. The fair value of this security is calculated internally and may include inputs that may not be observable. Therefore, this security is classified as Level 3.

Preferred and common stocks

The fair value of unaffiliated equity securities is determined by considering one of three primary sources: (1) security pricing is applied using a hierarchy approach whereby publicly available prices are first sought from third-party pricing services, (2) the remaining un-priced securities are submitted to independent brokers for prices, and (3) securities are priced using an internal pricing model or methodology.

Prices from pricing services and broker quotes are validated on an ongoing basis to ensure the adequacy and reliability of the fair value measurement. The Company performs both quantitative and qualitative analysis of the prices including, initial and ongoing review of third-party pricing methodologies, back testing of recent trades, and a thorough review of pricing trends and statistics.

Mortgage loans

The estimated fair value of mortgage loans is determined using an income approach, based upon the present value of the expected cash flows discounted at an interpolated treasury yield plus a spread. The spread is based on management's judgment and assumptions, which takes into account matters such as property type, LTV and remaining term of each loan, etc. The spread is a significant component of the pricing inputs, and therefore, these investments are classified as Level 3.

NOTES TO FINANCIAL STATEMENTS

Cash, cash equivalents, short-term investments and investment income due and accrued

Cash on hand and money market mutual funds are classified as Level 1. Cash overdrafts (i.e. outstanding checks) are classified as Level 2. Due to the short-term maturities of cash equivalents, short term investments, and investment income due and accrued, carrying value approximates fair value and is classified as Level 2.

Derivatives (including separate accounts liabilities)

The fair value of derivative instruments is generally derived using valuation models that use an income approach, except for derivatives that are exchange-traded, which are valued using quoted prices in an active market. Where valuation models are used, the selection of a particular model depends upon the contractual terms of, and specific risks inherent in the instrument, as well as the availability of pricing information in the market. The Company generally uses similar models to value similar instruments. Valuation model inputs include contractual terms, yield curves, foreign exchange rates, equity prices, credit curves, measures of volatility and other factors.

Other invested assets

Other invested assets are principally comprised of LIHTC investments and surplus notes, affiliated loans, preferred units of a limited partnership, and certain other investments with characteristics of debt. Surplus Notes are valued using prices from third-party pricing services that generally use a discounted cash-flow model or a market approach to arrive at the security's fair value and are classified as Level 2. The fair value of the affiliated loans and the LIHTC investments is derived using an income valuation approach, which is based on a discounted cash flow calculation using a discount rate that is determined internally. These investments are classified as Level 3 because the discount rate used is based on management's judgment and assumptions. Refer to Note 10 - Information Concerning Parent, Subsidiaries, Affiliates and Other Related Parties, for details on intercompany loans and Note 5 - Investments for details on LIHTC investments. The fair value of investments with debt characteristics and the fair value of the majority of residual tranches of securitizations is derived using an income valuation approach, which is based on a discounted cash flow calculation that may or may not use observable inputs and therefore is classified as Level 3. The fair value of the preferred units in a limited partnership is derived internally based on market comparable preferred units and recent transactions by the limited partnership. The valuation technique used required inputs that were both unobservable and significant and therefore classified as Level 3.

Derivatives – collateral (including separate accounts liabilities - collateral)

The carrying value of these instruments approximates fair value since these assets and liabilities are generally short-term in nature and are classified as Level 2.

Separate accounts assets (including separate account assets - collateral)

Assets within the separate accounts are primarily invested in bonds and common stock. The fair value of investments in the separate accounts is calculated using the same procedures as are used for bonds and common stocks in the general account.

The separate accounts also invest in limited partnerships and hedge fund investments. The fair value of such partnerships is determined by reference to the limited partnership's NAV. The valuation of the hedge funds is based upon the hedge funds' latest financial statements adjusted for cash activity since that date and estimates of market valuations.

Deposit fund contracts

For funding agreements backing medium term notes, fair values are based on available market prices for the notes. For other funding agreements and annuities certain liabilities, fair values are estimated using discounted cash flow calculations based on interest rates currently being offered for similar contracts with maturities consistent with those remaining for the contracts being valued. For all other deposit funds, the fair value is estimated to be equal to the account value since they can be withdrawn at anytime and without prior notice.

Premiums paid in advance

For premiums paid in advance, the carrying value of the liability approximates fair value.

Borrowed money

Borrowed money consists of intercompany borrowings and other financing arrangements. Due to the short-term nature of the transactions, the carrying value approximates fair value. At December 31, 2022 the Company had repurchase agreements of \$26,329,276.

Amounts payable under securities lending

Amounts due under securities lending consists of cash collateral received under securities lending agreements. Due to the short-term nature of the transactions, the carrying value approximates fair value.

- D.

If it is not practicable for an entity to estimate the fair value of that financial instrument or a class of financial instruments, the following shall be disclosed:

NOTES TO FINANCIAL STATEMENTS

21. Other Items

A. Unusual or Infrequent Items

The Company continues to monitor the economic environment and other potential impacts relating to the COVID-19 pandemic. The Company has maintained effective operations and levels of policyholder service throughout the course of the pandemic.

B. Troubled Debt Restructuring: Debtors

Not applicable.

C. Other Disclosures

Assets with a carrying value of \$325,558,020 at December 31, 2022 were on deposit with government authorities or trustees as required by certain state insurance laws.

D. Business Interruption Insurance Recoveries

Not applicable.

E. State Transferable and Non-Transferable Tax Credits

- (1) At December 31, 2022, the Company did not have any state transferable or non-transferable tax credits.
- (2) Not applicable.
- (3) Not applicable.
- (4) Not applicable.

F. Subprime and Midprime Mortgage Related Risk Exposure

- (1) The Company categorizes mortgage securities with an average FICO score (credit score) of 625 or less as “subprime” mortgage securities and mortgage securities with an average FICO score of greater than 625 and less than 700 as “midprime” mortgage securities. Securities with an average FICO score of 700 or greater are characterized as “prime”. The delinquency, credit loss, prepayment rate of the pool of mortgages collateralizing the investment, and credit enhancement available for the investment are reviewed. Cash flow forecasts for each subprime and midprime mortgage security using estimates of future prepayment, delinquency, default and loss severity rates are prepared and are stress tested. This analysis shows that the majority of the unrealized losses associated with the Company’s subprime and midprime mortgage holdings are due to market dislocation and is not reflective of the projected cash flows for the portfolio of securities or how these securities have performed to date.
- (2) The Company does not engage in subprime residential or commercial mortgage lending and therefore has no direct exposure through investments in subprime mortgage loans.
- (3) The Company has exposure to subprime and midprime residential mortgage lending through its fixed maturity investments that are collateralized by mortgages that have characteristics of subprime or midprime lending. Subprime residential mortgage lending is the origination of residential mortgage loans to customers with weak credit profiles, including using relaxed mortgage-underwriting standards that provide for affordable mortgage products. These investments are primarily in the form of asset-backed securities (“ABS”) supported by subprime or midprime residential mortgage loans or collateralized debt securities (“CDOs”) that contain a subprime or midprime loan component. The collective carrying value of these investments is \$52,963,450 representing 0.04% of total fixed maturity investments. Of this amount, 9.4% had “AAA” or “AA” credit quality ratings. There was no common stock subprime or midprime exposure. The Company manages its subprime and midprime risk exposure by limiting the Company’s holdings in these types of instruments, and performing ongoing analysis of cash flows, prepayment speeds, default rates and other stress variables.

The Company’s general account fixed maturity investments that are collateralized by residential mortgages that have characteristics of subprime or midprime lending at December 31, 2022 are:

| Subprime - Type                        | Actual Cost   | Book Adjusted Carrying Value | Fair Value    | OTTI Losses   |

| Grand total (subprime and midprime)    | \$ 52,730,447 | \$ 52,963,450                | \$ 51,277,017 | \$ 65,397,993 |

NOTES TO FINANCIAL STATEMENTS

The Company's guaranteed separate accounts fixed maturity investments that are collateralized by residential mortgages that have characteristics of subprime or midprime lending at December 31, 2022 are:

| Residential Mortgage-Backed Securities | Actual Cost          | Book Adjusted Carrying Value | Fair Value           | OTTI Losses          |
|----------------------------------------|----------------------|------------------------------|----------------------|----------------------|
| Subprime                               | \$ 2,381,531         | \$ 2,381,531                 | \$ 2,515,671         | \$ 1,827,543         |
| Midprime                               | 14,319,520           | 14,045,021                   | 14,492,859           | 24,215,482           |
| Total                                  | <u>\$ 16,701,051</u> | <u>\$ 16,426,552</u>         | <u>\$ 17,008,530</u> | <u>\$ 26,043,025</u> |

- (4) The Company does not have underwriting exposure to subprime mortgage risk through mortgage guaranty or financial guaranty insurance coverage.

G. Retained Assets

- (1) Effective June 1, 2012, the Company ceased offering retained asset accounts as a settlement option to life insurance and annuity beneficiaries. Prior to that date, beneficiaries could select the retained asset account as a settlement option for satisfying individual and group life insurance and annuity claims of \$10,000 or more. For group life beneficiaries, the default settlement option is a lump sum payout if the claimant does not make any other selection. Retained asset accounts are interest-bearing draft accounts administered by an unaffiliated bank and beneficiaries may access available funds by writing a check for any amount up to the full remaining balance of the net claim settlement. The Company's aggregate liability for retained asset accounts is reported as a component of liability for deposit-type contracts on Page 3 – Liabilities, Surplus and Other Funds.

Interest rates for retained asset accounts are not guaranteed and are declared periodically at the discretion of the Company. The following interest rates were paid to retained asset account holders in 2022:

| Effective Date |           | Interest Rate \$10,000 or more | Interest Rate \$9,999.99 or less |
|----------------|-----------|--------------------------------|----------------------------------|
| From           | Through   |                                |                                  |
| 1/1/2022       | 5/22/2022 | 0.07%                          | 0.07%                            |
| 5/23/2022      | 6/26/2022 | 0.08%                          | 0.08%                            |
| 6/27/2022      | 7/10/2022 | 0.09%                          | 0.09%                            |

The applicable fees charged for retained asset accounts in 2022 were as follows:

| Description                                  | Amount Charged             |
|----------------------------------------------|----------------------------|
| Overnight delivery of additional checkbooks: | \$15 weekday, \$22 weekend |
| Checks returned for insufficient funds       | \$10 per occurrence        |
| Stop Payment requests                        | \$12 per request           |

- (2) The following table presents the number and balance of retained asset accounts in-force at December 31, 2022 and 2021, respectively:

|                               | In-Force     |                      |              |                      |
|-------------------------------|--------------|----------------------|--------------|----------------------|
|                               | 2022         |                      | 2021         |                      |
|                               | Number       | Amount               | Number       | Amount               |
| Up to and including 12 months | —            | \$ —                 | —            | \$ —                 |
| 13 to 24 months               | —            | —                    | —            | —                    |

H. Insurance-Linked Securities ("ILS") Contracts

Not applicable.

NOTES TO FINANCIAL STATEMENTS

I. The Amount That Could Be Realized on Life Insurance Where the Reporting Entity is Owner and Beneficiary or Has Otherwise Obtained Rights to Control the Policy

At December 31, 2022, the cash surrender value of the corporate owned life insurance policies purchased from NYLIAC is \$4,180,765,383. Of this amount, \$3,286,491,754 is invested in NYLIAC's general account and \$894,273,629 is invested in NYLIAC's separate accounts. The investments in NYLIAC's separate accounts are allocated into the following categories based on primary underlying investment characteristics:

|                                                                                  | December 31, 2022 |
|----------------------------------------------------------------------------------|-------------------|
| (1) Amount of admitted balance that could be realized from an investment vehicle | \$ 894,273,629    |
| (2) Percentage Bonds                                                             | — %               |
| (3) Percentage Stocks                                                            | — %               |
| (4) Percentage Mortgage Loans                                                    | — %               |
| (5) Percentage Real Estate                                                       | — %               |
| (6) Percentage Cash and Short-Term Investments                                   | — %               |
| (7) Percentage Derivatives                                                       | — %               |
| (8) Percentage Other Invested Assets                                             | — %               |

22. Events Subsequent

At February 28, 2023, the date the financial statements were available to be issued, there have been no events occurring subsequent to the close of the Company's books or accounts for the accompanying annual statement that would have a material effect on the financial condition of the Company.

23. Reinsurance

A. Ceded Reinsurance Report

Section 1 – General Interrogatories

- (1) Are any of the reinsurers, listed in Schedule S as non-affiliated, owned in excess of 10% or controlled, either directly or indirectly, by the company or by any representative, officer, trustee, or director of the company? Yes ( ) No (X) If yes, give full details. \$—
- (2) Have any policies issued by the company been reinsured with a company chartered in a country other than the United States (excluding U.S. Branches of such companies) which is owned in excess of 10% or controlled directly or indirectly by an insured, a beneficiary, a creditor or an insured or any other person not primarily engaged in the insurance business? Yes ( ) No (X). If yes, give full details. \$—

Section 2 – Ceded Reinsurance Report – Part A

- (1) Does the company have any reinsurance agreements in effect under which the reinsurer may unilaterally cancel any reinsurance for reasons other than for nonpayment of premium or other similar credits? Yes ( ) No (X)

a. If yes, what is the estimated amount of the aggregate reduction in surplus of a unilateral cancellation by the reinsurer as of the date of this statement, for those agreements in which cancellation results in a net obligation of the company to the reinsurer, and for which such obligation is not presently accrued? Where necessary, the company may consider the current or anticipated experience of the business reinsured in making this estimate. \$—

b. What is the total amount of reinsurance credits taken, whether as an asset or as reduction of liability, for these agreements in this statement? \$—
- (2) Does the company have any reinsurance agreements in effect such that the amount of losses paid or accrued through the statement date may result in a payment to the reinsurer of amounts which, in aggregate and allowing for offset of mutual credits from other reinsurance agreements with the same reinsurer, exceed the total direct premium collected under the reinsured policies? Yes ( ) No (X). If yes, give full details. \$—

Section 3 – Ceded Reinsurance Report – Part B

- (1) What is the estimated amount of the aggregate reduction, in surplus, for agreements not reflected in Section 2 above, of termination of all reinsurance agreements, by either party, as of the date of this statement? Where necessary, the company may consider the current or anticipated experience of the business reinsured in making this estimate. If all reinsurance agreements were terminated by either party as of the date of the statement, the resulting reduction in surplus due to loss of reserve credits net of unearned premium would be approximately \$88,815,382.
- (2) Have any new agreements been executed or existing agreements amended, since January 1 of the year of this statement, to include policies or contracts which were in-force or which had existing reserves established by the company as of the effective date of the agreement? Yes ( ) No (X). If yes, what is the amount of reinsurance credits, whether an asset or a reduction of liability, taken for such new agreements or amendments? \$—

B. Uncollectible Reinsurance

Not applicable.

C. Commutation of Ceded Reinsurance

Not applicable.

D. Certified Reinsurer Rating Downgraded or Status Subject to Revocation

Not applicable.

E - G. Not applicable.

H. Reinsurance Credit

- (1) Disclose any reinsurance contracts (or multiple contracts with the same reinsurer or its affiliates) subject to A-791 that includes a provision, which limits the reinsurer's assumption of significant risks identified as in A-791. Examples of risk limiting features include provisions such as a deductible, a loss ratio corridor, a loss cap, an aggregate limit or similar effect. If true, indicate the number of

NOTES TO FINANCIAL STATEMENTS

reinsurance contracts to which such provisions apply. For contracts subject to A-791, indicate if deposit accounting was applied for all contracts, which limit significant risks.

Not applicable

- (2) The Company's group life and disability businesses use catastrophic reinsurance to cover member events hosted by some insured affinity groups. These catastrophic agreements provide coverage for multiple deaths up to specific caps that are included in the treaties. No triggering events have occurred under these treaties in 2022.
- (3) Disclose if any reinsurance contracts contain features (except reinsurance contracts with a federal or state facility) described below which result in delays in payment in form or in fact:

Not applicable

- (4) Disclose if the reporting entity has reflected reinsurance accounting credit for any contracts not subject to Appendix A-791 and not yearly renewable term, which meet the risk transfer requirements of SSAP No. 61R and identify the type of contracts and the reinsurance contracts.

Not applicable

- (5) Disclose if the reporting entity ceded any risk which is not subject to A-791 and not yearly renewable term reinsurance, under any reinsurance contract (or multiple contracts with the same reinsurer or its affiliates) during the period covered by the financial statement, and either:

Not applicable

- (6) If affirmative disclosure is required for Paragraph 23H(5) above, explain why the contract(s) is treated differently for GAAP and SAP.

Not applicable

24. Retrospectively Rated Contracts and Contracts Subject to Redetermination

- A – C. Not applicable.
- D. The Company did not have any medical loss ratio rebates required pursuant to the Public Health Service Act at December 31, 2022.
- E. Risk Sharing Provisions of the ACA
- (1) At December 31, 2022, the Company wrote accident and health insurance premiums which is subject to the ACA risk sharing provisions.
- (2) The impact of risk-sharing provisions of the ACA on admitted assets, liabilities and revenue for the year ended December 31, 2022 are as follows:
1. Permanent ACA Risk Adjustment Program
- Not applicable.
2. Transitional ACA Reinsurance Program
- At December 31, 2022, the Company's liability for contributions payable due to ACA reinsurance program (not reported as ceded premium) was \$756.
3. Temporary ACA Risk Corridors Program
- Not applicable.
- (3) A roll-forward of prior year ACA risk-sharing provisions for the following liability balance at December 31, 2022 is as follows:

| Accrued During the<br>Prior Year on<br>Business Written<br>Before December 31<br>of the Prior Year      |            | Received or Paid as of<br>the Current Year on<br>Business Written<br>Before December 31<br>of the Prior Year |           | Differences                               |                                    | Adjustments                  |                              | Unsettled Balances as<br>of the Reporting Date |                      |
|---------------------------------------------------------------------------------------------------------|------------|--------------------------------------------------------------------------------------------------------------|-----------|-------------------------------------------|------------------------------------|------------------------------|------------------------------|------------------------------------------------|----------------------|
|                                                                                                         |            |                                                                                                              |           | Accrued<br>Less<br>Payments<br>(Col 1 -3) | Less<br>Payment<br>s (Col 2<br>-4) | To Prior<br>Year<br>Balances | To Prior<br>Year<br>Balances |                                                |                      |
| 1                                                                                                       | 2          | 3                                                                                                            | 4         | 5                                         | 6                                  | 7                            | 8                            | 9                                              | 10                   |

Explanation of Adjustments:

- A. 5 covered life was removed during 2022.
- (4) The Company had no risk corridors asset and liability balances for the year ended December 31, 2022.
- (5) The Company had no ACA risk corridors receivable for the year ended December 31, 2022.

NOTES TO FINANCIAL STATEMENTS

25. Change in Incurred Losses and Loss Adjustment Expenses

- A. Claim reserves and unpaid claim liabilities at December 31, 2021 were \$1,452,983,003. For the year ended December 31, 2022, \$227,756,677 has been paid for incurred losses and loss adjustment expenses attributable to insured events of prior years. Reserves remaining for prior years are now \$1,212,988,672 as a result of re-estimation of unpaid claims and claim adjustment expenses principally on group medical, disability income, Medicare supplement of insurance and long term care lines of insurance. Therefore, there has been a \$12,237,654 favorable prior-year development from December 31, 2021 to December 31, 2022. The decrease is generally the result of ongoing analysis of recent loss development trends. Original estimates were adjusted as additional information became known regarding individual claims. The Company had no unfavorable prior year loss development on retrospectively rated policies included in this decrease. However, the business to which it relates is subject to premium adjustments.
- B. Not applicable.

26. Intercompany Pooling Arrangements

Not applicable.

27. Structured Settlements

The Company owns all rights, title and interest in and to certain structured settlement annuity contracts issued by NYLIAC. The carrying value of the annuity contracts is based upon the actuarially determined value of the obligations under the structured settlement agreements (noted below), which generally have some life contingent benefits.

The Company is the assumed obligor for certain structured settlement agreements with unaffiliated insurance companies, beneficiaries and other non-affiliated entities. To satisfy its obligations under these agreements, the Company owns single premium annuity contracts issued by NYLIAC. The obligations are based upon the actuarially determined present value of expected future payments. Interest rates used in establishing such obligations range from 8.25% to 8.75%. The Company has directed NYLIAC to make the payments under the annuity contracts directly to the beneficiaries under the structured settlement agreements. At December 31, 2022 and 2021, the carrying value of the single premium annuity contracts and the corresponding obligations amounted to \$147,408,551 and \$146,426,240, respectively.

28. Health Care Receivables

Not applicable.

29. Participating Policies

Individual and group life participating policies represent 99.4% of total individual and group life insurance inforce. The Company paid dividends in the amount of \$1,995,872,735 to individual and group life policyholders and did not allocate any additional income to such policyholders.

30. Premium Deficiency Reserves

At December 31, 2022, the Company did not have a liability for premium deficiency reserves on accident and health contracts.

31. Reserves for Life Contracts and Annuity Contracts

- (1) The Company waives deductions of deferred fractional premiums upon death of the insured and returns a portion of the final premium beyond the date of death. No surrender values are promised in excess of the total reserves included in Exhibit 5.
- (2) Certain substandard policies are valued on tables that are multiples of the standard table. Other substandard policies are valued as equivalent to standard lives on the basis of insurance age. Additional reserves are held on account of anticipated extra mortality for policies subject to extra premiums.
- (3) At December 31, 2022, the Company had \$37,858,029,708 of insurance in-force for which the gross premiums were less than the net premiums according to the standard of valuation set by the state of New York. Reserves to cover the above insurance totaled the net amount of \$240,902,806 at December 31, 2022 and were reported in Exhibit 5, Miscellaneous Reserves section.
- (4) The tabular interest (Page 7, Line 4) for group annuities has been determined from the basic data for the calculation of policy reserves. The tabular interest for all other lines of business has been determined by formula as described in the instructions for Page 7.
- The tabular less actual reserves released (Page 7, Line 5) has been determined by formula as described in the instructions for Page 7 for all lines of business.
- The tabular cost (Page 7, Line 9) for 7-Year term, for certain survivorship whole life policies, and for ancillary coverage has been determined by formula as described in the instructions for Page 7. For all other coverage, including the bulk of individual life, the tabular cost has been determined from the basic data for the calculation of policy reserves.
- (5) The tabular interest on funds not involving life contingencies on Exhibit 7, Line 3 is generally the interest actually credited to or accrued on such funds.

NOTES TO FINANCIAL STATEMENTS

34. Premium and Annuity Considerations Deferred and Uncollected

A. Deferred and uncollected life insurance premiums and annuity considerations at December 31, 2022, were as follows:

| Type                      | Gross            | Net of Loading   |
|---------------------------|------------------|------------------|
| (1) Ordinary new business | \$ 152,499,394   | \$ 41,030,339    |
| (2) Ordinary renewal      | 1,769,550,702    | 1,647,694,048    |
| (3) Group life            | 430,483,066      | 358,421,361      |
| Total                     | \$ 2,352,533,162 | \$ 2,047,145,748 |

The amounts above reflect a prescribed practice that departs from the NAIC SAP. Refer to Note 1 – Summary of Significant Accounting Policies, for additional information.

35. Separate Accounts

A. Separate Accounts Activity

(1) The Company utilizes separate accounts to record and account for assets and liabilities for particular lines of business and/or transactions. At December 31, 2022, the Company reported separate accounts assets and liabilities from employee benefit plans (group annuity).

The Company has market value guaranteed separate accounts for which supplemental separate accounts assets are used to fund the excess of the actuarial liabilities for future guaranteed payments over the market value of the assets.

In accordance with the domiciliary state procedures for approving items within separate accounts, the classification of the separate accounts is subject to Section 4240 of the New York State Insurance Law. In addition, the separate accounts are supported through affirmative approval of the plans of operations by the NYSDFS.

(2) At December 31, 2022 and 2021, the Company’s separate accounts statement included legally insulated assets of \$14,096,611,774 and \$14,073,536,433 respectively. The assets legally and not legally insulated from the general account at December 31, 2022 are attributed to the following products or transactions:

| Product/Transaction                    | Legally Insulated Assets | Separate Accounts Assets<br>(Not Legally Insulated) <sup>1</sup> |
|----------------------------------------|--------------------------|------------------------------------------------------------------|
| Employee benefit plans (group annuity) | \$ 14,096,611,774        | \$ 82,410,615                                                    |
| Supplemental account                   | —                        | 60,084,249                                                       |
| Total                                  | \$ 14,096,611,774        | \$ 142,494,864                                                   |

<sup>1</sup> Separate accounts assets classified as not legally insulated assets support \$90,860,775 of payables for securities, \$27,289,662 of borrowed funds, \$11,220,510 of other transfers to the general account due or accrued (net), \$9,008,997 of remittances and items not allocated, \$3,727,674 of investment servicing fees payables, and \$387,246 of other liabilities.

(3) To compensate the general account for the risk taken for minimum guarantees in certain contracts, the separate accounts have paid risk charges as follows for the past five years:

|    |      |               |
|----|------|---------------|
| a. | 2022 | \$ 14,122,955 |
| b. | 2021 | \$ 13,644,573 |
| c. | 2020 | \$ 12,258,753 |
| d. | 2019 | \$ 11,202,877 |
| e. | 2018 | \$ 12,616,667 |

For the years ended December 31, 2022, 2021, 2020, 2019 and 2018, the general account of the Company did not make any payments toward separate accounts guarantees.

(4) At December 31, 2022, there were no separate accounts securities lending arrangements.

B. General Nature and Characteristics of Separate Accounts Business

The Company has separate accounts funding group annuity contracts. A book value separate account funds guaranteed benefits and market value separate accounts fund both guaranteed and non-guaranteed benefits.

The book value separate account guarantees principal and interest during active status and at the contract discontinuance, the contract holder is entitled to a book value payout, if 12 months advance notice is provided. Alternatively, the contract holder may elect discontinuance with at least 10 days notice and receive an immediate lump sum payment subject to a termination adjustment factor (tied to an external index). The factor will not be greater than 1.

NOTES TO FINANCIAL STATEMENTS

Certain market value separate accounts provide a minimum guaranteed interest rate. For these separate accounts, at contract discontinuance, the contract holder is entitled to an immediate payout of market value, or an installment payout of the guaranteed amount, or for certain contracts, a lump sum payout of the guaranteed amount at the end of a specific number of years, as set forth in the contract.

Separate accounts funding non-guaranteed benefits provide no guarantee of principal or interest, and payout is at fair value at contract discontinuance.

Information regarding the separate accounts of the Company at and for the year ended December 31, 2022 is as follows:

|                                                                                                 | Indexed     | Non-Indexed<br>Guarantee<br>less than/<br>equal to 4% | Non-<br>Indexed<br>Guarantee<br>more than<br>4% | Non-<br>Guaranteed<br>Separate<br>Accounts | Total                   |

36. Loss/Claim Adjustment Expenses

The liability for unpaid accident and health claim adjustment expenses at December 31, 2022 and 2021 was \$21,410,417 and \$20,632,442. respectively. The Company incurred \$9,312,446 and paid \$8,536,872 of claim adjustment expenses in the current year, of which \$5,730,578 of the paid amount was attributable to insured or covered events of prior years. The Company took into account estimated anticipated salvage and subrogation in its determination of the liability for unpaid claims/losses and did not reduce its liability.

GENERAL INTERROGATORIES

PART 1 - COMMON INTERROGATORIES  
GENERAL

1.1

Is the reporting entity a member of an Insurance Holding Company System consisting of two or more affiliated persons, one or more of which is an insurer? .....  
If yes, complete Schedule Y, Parts 1, 1A, 2 and 3.

Yes ☒ No ☐

If yes, did the reporting entity register and file with its domiciliary State Insurance Commissioner, Director or Superintendent or with such regulatory official of the state of domicile of the principal insurer in the Holding Company System, a registration statement providing disclosure substantially similar to the standards adopted by the National Association of Insurance Commissioners (NAIC) in its Model Insurance Holding Company System Regulatory Act and model regulations pertaining thereto, or is the reporting entity subject to standards and disclosure requirements substantially similar to those required by such Act and regulations? .....

Yes ☒ No ☐ N/A ☐

1.3

State Regulating? .....

New York

1.4

Is the reporting entity publicly traded or a member of a publicly traded group? .....

Yes ☐ No ☒

1.5

If the response to 1.4 is yes, provide the CIK (Central Index Key) code issued by the SEC for the entity/group. ....

2.1

Has any change been made during the year of this statement in the charter, by-laws, articles of incorporation, or deed of settlement of the reporting entity? .....

Yes ☐ No ☒

2.2

If yes, date of change: .....

3.1

State as of what date the latest financial examination of the reporting entity was made or is being made. ....

12/31/2019

3.2

State the as of date that the latest financial examination report became available from either the state of domicile or the reporting entity. This date should be the date of the examined balance sheet and not the date the report was completed or released. ....

12/31/2019

3.3

State as of what date the latest financial examination report became available to other states or the public from either the state of domicile or the reporting entity. This is the release date or completion date of the examination report and not the date of the examination (balance sheet date). ....

06/25/2021

3.4

By what department or departments?  
New York State Department of Financial Services .....

3.5

Have all financial statement adjustments within the latest financial examination report been accounted for in a subsequent financial statement filed with Departments? .....

Yes ☐ No ☐ N/A ☒

3.6

Have all of the recommendations within the latest financial examination report been complied with? .....

Yes ☐ No ☐ N/A ☒

4.1

During the period covered by this statement, did any agent, broker, sales representative, non-affiliated sales/service organization or any combination thereof under common control (other than salaried employees of the reporting entity), receive credit or commissions for or control a substantial part (more than 20 percent of any major line of business measured on direct premiums) of:  
4.11 sales of new business? .....

ANNUAL STATEMENT FOR THE YEAR 2022 OF THE NEW YORK LIFE INSURANCE COMPANY

27.1

Does the reporting entity have any hedging transactions reported on Schedule DB?

Yes ☒ No ☐

27.2

If yes, has a comprehensive description of the hedging program been made available to the domiciliary state?  
If no, attach a description with this statement.

Yes ☒ No ☐ N/A ☐

LINES 27.3 through 27.5:

FOR LIFE/FRATERNAL REPORTING ENTITIES ONLY:

27.3

Does the reporting entity utilize derivatives to hedge variable annuity guarantees subject to fluctuations as a result of interest rate sensitivity?

Yes ☐ No ☒

27.4

If the response to 27.3 is YES, does the reporting entity utilize:

27.41 Special accounting provision of SSAP No. 108

27.42 Permitted accounting practice

27.43 Other accounting guidance

Yes ☐ No ☐

Yes ☐ No ☐

Yes ☐ No ☐

27.5

By responding YES to 27.41 regarding utilizing the special accounting provisions of SSAP No. 108, the reporting entity attests to the following:

Yes ☐ No ☐

The reporting entity has obtained explicit approval from the domiciliary state.

Hedging strategy subject to the special accounting provisions is consistent with the requirements of VM-21.

Actuarial certification has been obtained which indicates that the hedging strategy is incorporated within the establishment of VM-21 reserves and provides the impact of the hedging strategy within the Actuarial Guideline Conditional Tail Expectation Amount.

Financial Officer Certification has been obtained which indicates that the hedging strategy meets the definition of a Clearly Defined Hedging Strategy within VM-21 and that the Clearly Defined Hedging Strategy is the hedging strategy being used by the company in its actual day-to-day risk mitigation efforts.

28.1

Were any preferred stocks or bonds owned as of December 31 of the current year mandatorily convertible into equity, or, at the option of the issuer, convertible into equity?

Yes ☒ No ☐

28.2

If yes, state the amount thereof at December 31 of the current year.

\$ 6,515,727

29.

Excluding items in Schedule E - Part 3 - Special Deposits, real estate, mortgage loans and investments held physically in the reporting entity's offices, vaults or safety deposit boxes, were all stocks, bonds and other securities, owned throughout the current year held pursuant to a custodial agreement with a qualified bank or trust company in accordance with Section 1, III - General Examination Considerations, F. Outsourcing of Critical Functions, Custodial or Safekeeping Agreements of the NAIC Financial Condition Examiners Handbook?

Yes ☒ No ☐

29.01

For agreements that comply with the requirements of the NAIC Financial Condition Examiners Handbook, complete the following:

| 1<br>Name of Custodian(s)   | 2<br>Custodian's Address                               |
|-----------------------------|--------------------------------------------------------|
| JPMorgan Chase              | 270 Park Avenue, New York, NY 10017                    |
| The Bank of New York Mellon | 240 Greenwich Street, New York, NY 10286               |
| The Northern Trust Company  | 50 S LaSalle Street, Chicago, IL 60603                 |
| RBC Investor Services Trust | 155 Wellington Street West, Toronto ON M5V 3L3, Canada |
|                             |                                                        |

ANNUAL STATEMENT FOR THE YEAR 2022 OF THE NEW YORK LIFE INSURANCE COMPANY

| 31.2 Preferred stocks ..... | 112,518,182                   | 112,518,181     | (1)                                                                                |
| 31.3 Totals                 | 131,238,741,097               | 116,974,398,748 | (14,264,342,349)                                                                   |

- 31.4 Describe the sources or methods utilized in determining the fair values:  
See Note 20 .....
- 32.1 Was the rate used to calculate fair value determined by a broker or custodian for any of the securities in Schedule D? ..... Yes [ ] No [ ]
- 32.2 If the answer to 32.1 is yes, does the reporting entity have a copy of the broker's or custodian's pricing policy (hard copy or electronic copy) for all brokers or custodians used as a pricing source? ..... Yes [ ] No [ ]
- 32.3 If the answer to 32.2 is no, describe the reporting entity's process for determining a reliable pricing source for purposes of disclosure of fair value for Schedule D: .....
- 33.1 Have all the filing requirements of the Purposes and Procedures Manual of the NAIC Investment Analysis Office been followed? ..... Yes [ ] No [ X ]
- 33.2 If no, list exceptions:  
Initial Filings that were not made within 120 days of purchase including -  
Filings that have been submitted but not yet rated by the SVO: 18 .....
34. By self-designating 5GI securities, the reporting entity is certifying the following elements of each self-designated 5GI security:  
a. Documentation necessary to permit a full credit analysis of the security does not exist or an NAIC CRP credit rating for an FE or PL security is not available.  
b. Issuer or obligor is current on all contracted interest and principal payments.  
c. The insurer has an actual expectation of ultimate payment of all contracted interest and principal.  
Has the reporting entity self-designated 5GI securities? ..... Yes [ X ] No [ ]
35. By self-designating PLGI securities, the reporting entity is certifying the following elements of each self-designated PLGI security:  
a. The security was purchased prior to January 1, 2018.  
b. The reporting entity is holding capital commensurate with the NAIC Designation reported for the security.  
c. The NAIC Designation was derived from the credit rating assigned by an NAIC CRP in its legal capacity as a NRSRO which is shown on a current private letter rating held by the insurer and available for examination by state insurance regulators.  
d. The reporting entity is not permitted to share this credit rating of the PL security with the SVO.  
Has the reporting entity self-designated PLGI securities? ..... Yes [ ] No [ X ]
36. By assigning FE to a Schedule BA non-registered private fund, the reporting entity is certifying the following elements of each self-designated FE fund:  
a. The shares were purchased prior to January 1, 2019.  
b. The reporting entity is holding capital commensurate with the NAIC Designation reported for the security.  
c. The security had a public credit rating(s) with annual surveillance assigned by an NAIC CRP in its legal capacity as an NRSRO prior to January 1, 2019.  
d. The fund only or predominantly holds bonds in its portfolio.  
e. The current reported NAIC Designation was derived from the public credit rating(s) with annual surveillance assigned by an NAIC CRP in its legal capacity as an NRSRO.  
f. The public credit rating(s) with annual surveillance assigned by an NAIC CRP has not lapsed.  
Has the reporting entity assigned FE to Schedule BA non-registered private funds that complied with the above criteria? ..... Yes [ ] No [ X ]
37. By rolling/renewing short-term or cash equivalent investments with continued reporting on Schedule DA, Part 1 or Schedule E Part 2 (identified through a code (%) in those investment schedules), the reporting entity is certifying to the following:  
a. The investment is a liquid asset that can be terminated by the reporting entity on the current maturity date.  
b. If the investment is with a nonrelated party or nonaffiliate, then it reflects an arms-length transaction with renewal completed at the discretion of all involved parties.  
c. If the investment is with a related party or affiliate, then the reporting entity has completed robust re-underwriting of the transaction for which documentation is available for regulator review.  
d. Short-term and cash equivalent investments that have been renewed/rolled from the prior period that do not meet the criteria in 37.a - 37.c are reported as long-term investments.  
Has the reporting entity rolled/renewed short-term or cash equivalent investments in accordance with these criteria? ..... Yes [ X ] No [ ] N/A [ ]

ANNUAL STATEMENT FOR THE YEAR 2022 OF THE NEW YORK LIFE INSURANCE COMPANY

(b) Explanation of basis of allocation by states, etc., of premiums and annuity considerations  
Direct Ordinary premiums, Annuities and Individual Accident and Health premiums are allocated by States on the basis of the address to which the premium notice is sent. Single premiums are allocated according to the residence of the insured, owner, or annuitant or the address designated to which business communication should be sent. Generally, Group Life, Group Health, and Group Annuity contracts are allocated according to the residence of the individual for whom benefits are purchased or provided. For certain Employer sponsored Group Life and Group Health policies covering less than 500 lives, the premiums received are generally allocated to the state in which the employees are principally located or in which the principal office of the group policyholder is located. Deposit-Type Funds are state distributed based on where the contract is issued. This is usually the state where the principal office of the plan sponsor is located. The plan sponsor is typically the employer who establishes the pension plan. Premium or annuities waived under disability or other contract provisions are shown in one sum on Line 93, columns 2, 3, 4, 5, 6, and 7. All US business are allocated by state regardless of license status. Dividends applied to pay renewal premiums and considerations for annuities are state distributed. NOTE: Schedule T should not be used as the basis for state guaranty association assessments.

(c) Column 4 should balance with Exhibit 1, Lines 6.4, 10.4, and 16.4, Cols. 8, 9, 10, or with Schedule H, Part 1, Line 1, indicate which: Exhibit 1, Lines 6.4, 10.4, and 16.4, Cols. 8, 9, 10.
