Please read the important disclosures regarding the product performance on the following page.

Performance data quoted is past performance. Past performance is no guarantee of future results. Due to market volatility, current performance may be lower or higher than the figures shown. The investment return and the accumulation value of your policy will fluctuate so that a policy, when surrendered, may be worth more or less than the premium payments. For current to the most recent month-end performance information, please call 1-800-598-2019 or visit [www.newyorklife.com](http://www.newyorklife.com).

All performance reflects the percentage change for the period shown, with capital gains and dividends reinvested, and include s Fund Company Expenses and an annualized Mortality and Expense Risk and Administrative Costs Charge of 1.55%.

An Annual Policy Service Charge of \$40 is not included in these charges, but will be deducted each year from the policy's Accumulation Value on the policy anniversary and upon surrender. If on that date, the Accumulation Value is less than \$50,000. The e performance shown, therefore, would be slightly lower if your policy's Accumulation Value is less than \$50,000. Charges for any optional riders, if reflected, would reduce the performance shown. No surrender charges are assessed under the New York Life Access Variable Annuity. Therefore, the values shown are applicable if the policy is surrendered or not surrendered.

Withdrawals and surrenders may be taxable transactions, and prior to 59½, may be subject to a 10% IRS penalty (the penalty tax is increased to 25% in the case of a distribution from a SIMPLE IRA within the first two years of your participation in the SIMPLE IRA plan). The Investment Divisions offered through the New York Life Access Variable Annuity and described herein are different from mutual funds that may have similar names but are available directly to the public. Investment results may differ.

Please read the important disclosures regarding the product performance on the following page.

Performance data quoted is past performance. Past performance is no guarantee of future results. Due to market volatility, current performance may be lower or higher than the figures shown. The investment return and the accumulation value of your policy will fluctuate so that a policy, when surrendered, may be worth more or less than the premium payments. For current to the most recent month-end performance information, please call 1-800-598-2019 or visit [www.newyorklife.com](http://www.newyorklife.com).

All performance reflects the percentage change for the period shown, with capital gains and dividends reinvested, and include s Fund Company Expenses and an annualized Mortality and Expense Risk and Administrative Costs Charge of 1.55%.

An Annual Policy Service Charge of \$40 is not included in these charges, but will be deducted each year from the policy's Accumulation Value on the policy anniversary and upon surrender. If on that date, the Accumulation Value is less than \$50,000. The e performance shown, therefore, would be slightly lower if your policy's Accumulation Value is less than \$50,000. Charges for any optional riders, if reflected, would reduce the performance shown. No surrender charges are assessed under the New York Life Access Variable Annuity. Therefore, the values shown are applicable if the policy is surrendered or not surrendered.

Withdrawals and surrenders may be taxable transactions, and prior to 59½, may be subject to a 10% IRS penalty (the penalty tax is increased to 25% in the case of a distribution from a SIMPLE IRA within the first two years of your participation in the SIMPLE IRA plan). The

Investment Divisions offered through the New York Life Access Variable Annuity and described herein are different from mutual funds that may have similar names but are available directly to the public. Investment results may differ.
