New York Life Elite Variable Annuity Performance Summary

As of September 30, 2026

Performance data quoted represents past performance. Past performance is no guarantee of future results. Due to market volatility, current performance may be lower or higher than the figures shown. The investment return and the Accumulation Value of your policy will fluctuate so that a policy, when surrendered may be worth more or less than the premium payment(s). For current to the most recent month-end performance information, please call 1-800-598-2019 or visit www.newyorklife.com.

All performance reflects the percentage change for the period shown, with capital gains and dividends reinvested and includes the Fund Company Expenses. An Annual Policy Service Charge of $30 is not included in these charges, but will be deducted each year from the policy's Accumulation Value on the policy anniversary and upon surrender if on that date the Accumulation Value Is less than $100,000. The performance shown, therefore, would be slightly lower if your policy's Accumulation Value is less than $100,000. Charges for any optional riders, if reflected, would reduce the performance shown.

Non-Standardized Performance ("Assuming No Surrender") does not reflect the deduction of Surrender Charges.

Standardized Performance ("Assuming Surrender") reflects the maximum Surrender Charge under the policy. The maximum Surrender Charge for each premium payment is 8%, declining to 3% (or 2% for single premium policies) by the 8th year after that premium payment has been in the policy, with no surrender charge thereafter.

Withdrawals and surrenders may be taxable transactions, and prior to age 59½, may be subject to a 10% IRS penalty (the penalty tax is increased to 25% in the case of a distribution from a SIMPLE IRA within the first two years of your participation in the SIMPLE IRA plan).

The Investment Divisions offered through the New York Life Elite Variable Annuity and described herein are different from mutual funds that may have similar names but are available directly to the general public. Investment results may differ.

In certain jurisdictions, this product will be sold as a single premium variable annuity. In most jurisdictions, the policy form number for the New York Life Elite Variable Annuity is 203-193.

To obtain a copy of the product and funds prospectuses, please contact your NYLIFE Securities LLC Registered Representative or call 1-800-598-2019. Investors are asked to consider the investment objectives, risks, charges and expenses of the investment carefully before investing. Both the product prospectus and the underlying fund prospectuses contain this and other information about the product and underlying investment options. Please read the prospectuses carefully before investing.

1 The performance shown is for the indicated classes/shares only. These classes/shares impose a 12b-1 fee (except NYLIM VP U.S. Government Money Market, NYLIM VP Small Cap Growth — Initial Class, NYLIM VP Janus Henderson Balanced — Initial Class and NYLIM VP Natural Resources — Initial Class). Performance for these classes/shares is lower than the returns for those classes/shares that do not impose a 12b-1 fee. Contact your NYLIFE Securities LLC Registered Representative or call 1-800-598-2019 for more information. Investment Division Inception Date is the date in which the Investment Division is first offered in the product. Portfolio Inception Date is the date that the Portfolio in which the Investment Division invests was first offered.

2 Assumes no deduction for contingent deferred sales charge.

3 Volatility/Risk Levels are assigned by New York Life. The Investment Divisions are grouped by risk classifications that reflect performance volatility based on Morningstar classifications as of December 31, 2020. Morningstar is a widely used independent research firm, which ranks mutual funds and other investment companies by overall performance, investment objectives and assets. Policy owners need to keep in mind, as applicable, that equity investments have been volatile historically. Investment options concentrated in bonds fluctuate in value in response to changes in interest rates. High–yield securities are generally considered speculative because they present a greater risk of loss than higher–quality debt securities and may be subject to greater price volatility. Non-US securities are subject to currency fluctuation risks and the risks of political and economic instability in the country of issuance. Investment options which are concentrated in economic sectors may be more volatile than more broadly diversified portfolios.

While there is no standard definition, generally “alternative” funds include nontraditional asset classes or strategies and/or illiquid assets. Alternative investments are speculative, can carry substantial risk, and may not be appropriate for all investors. For those investors who are able to bear greater risk in return for the opportunity they provide, alternative investments may be appropriate.

4The New York Life Elite Variable Annuity was first offered for sale on September 29, 2003. Certain Portfolios existed prior to that date. The performance for NYLIM VP Series Fund, Inc. portfolios are based on the Initial Class Portfolio Inception Date (where applicable). The performance for all other investment divisions is based on the Portfolio Inception Date reflected in this performance summary. Performance that precedes Investment Division Inception has been modified to reflect Separate Account and Fund annual expenses as if the policy had been available during the periods shown. The New York Life Elite Variable Annuity differs from many other variable annuity policies in that the Mortality and Expense Risk and Administrative Costs Charge (M&E) is calculated as a percentage of your Adjusted Premium Payments under the policy (excluding premiums allocated to the Fixed Account), rather than as percentage of Separate Account assets. Therefore, the 1.70% M&E charge is not reflected in the performance of the Investment Divisions, but will be deducted quarterly by reducing the number of Accumulation Units in the Investment Divisions you have selected. Since market performance is reflected through fluctuations in the value of an Accumulation Unit, owning fewer Accumulation Units over time will result in a gradual reduction in the value of the Policy, regardless of market performance, when compared to the result of a traditional charge structure. Please refer to your prospectus for more details. The New York Life Elite Variable Annuity invests in New York Life Insurance and Annuity Corporation (NYLIAC) Variable Annuity Separate Account IV.

5 The S&P 500 Index is an unmanaged index and is widely regarded as the standard for measuring Large-Cap U.S. stock market performance. 11 On February 10, 2025, shares of each of the MFS Investors Trust, MFS Research Series, and the BNY Mellon IP Technology Growth Portfolios ("Replaced Portfolios") were substituted with shares of the NYLIM VP MFS Investors Trust, NYLIM VP MFS Research Portfolio, and NYLIM VP Newton Technology Growth Portfolio ("New Portfolios"), respectively. As of the date of the substitutions, each of the New Portfolios had substantially similar Investing objectives, principal investment strategies, and principal risks as the corresponding Replaced Portfolios. In addition, the investment adviser of each of the Replaced Portfolios became the sub-adviser of the corresponding New Portfolios and New York Life Investments became the investment adviser of the New Portfolios. The Portfolio Inception Dates shown in the table reflect the inception date of the Replaced Portfolios. The inception date of each of the New Portfolios was February 10, 2025 which is also the date the Investment Divisions investing in the New Portfolios were first offered. Performance shown for periods prior to February 10, 2025 reflects performance attributable to the applicable Replaced Portfolio adjusted for Separate Account charges and portfolio expenses as described below.

Performance information less than 1 year has not been annualized.

Historically, certain fees have been assumed or reduced by some of the portfolios. Had these expenses not been assumed or reduced, the total return for these Investment Divisions would have been lower.

Sales of the New York Life Elite Variable Annuity were discontinued. Current policyowners may continue to make premium payments, subject to their contract provisions. Existing policies will continue to be serviced.

Please read the important disclosures below regarding the product performance.

To obtain a copy of the product and funds prospectuses, please contact your NYLIFE Securities LLC Registered Representative or call 1-800-598-2019. Investors are asked to consider the investment objectives, risks, charges and expenses of the investment carefully before investing. Both the product prospectus and the underlying fund prospectuses contain this and other information about the product and underlying investment options. Please read the prospectuses carefully before investing.

1 The performance shown is for the indicated classes/shares only. These classes/shares impose a 12b-1 fee (except NYLIM VP U.S. Government Money Market, NYLIM VP Small Cap Growth — Initial Class, NYLIM VP Janus Henderson Balanced — Initial Class and NYLIM VP Natural Resources — Initial Class). Performance for these classes/shares is lower than the returns for those classes/shares that do not impose a 12b-1 fee. Contact your NYLIFE Securities LLC Registered Representative or call 1-800-598-2019 for more information. Investment Division Inception Date is the date in which the Investment Division is first offered in the product. Portfolio Inception Date is the date that the Portfolio in which the Investment Division invests was first offered.

2 Assumes no deduction for contingent deferred sales charge.

3 Volatility/Risk Levels are assigned by New York Life. The Investment Divisions are grouped by risk classifications that reflect performance volatility based on Morningstar classifications as of December 31, 2020. Morningstar is a widely used independent research firm, which ranks mutual funds and other investment companies by overall performance, investment objectives and assets. Policy owners need to keep in mind, as applicable, that equity investments have been volatile historically. Investment options concentrated in bonds fluctuate in value in response to changes in interest rates. High–yield securities are generally considered speculative because they present a greater risk of loss than higher–quality debt securities and may be subject to greater price volatility. Non-US securities are subject to currency fluctuation risks and the risks of political and economic instability in the country of issuance. Investment options which are concentrated in economic sectors may be more volatile than more broadly diversified portfolios.

While there is no standard definition, generally “alternative” funds include nontraditional asset classes or strategies and/or illiquid assets. Alternative investments are speculative, can carry substantial risk, and may not be appropriate for all investors. For those investors who are able to bear greater risk in return for the opportunity they provide, alternative investments may be appropriate.

4The New York Life Elite Variable Annuity was first offered for sale on September 29, 2003. Certain Portfolios existed prior to that date. The performance for NYLIM VP Series Fund, Inc. portfolios are based on the Initial Class Portfolio Inception Date (where applicable). The performance for all other investment divisions is based on the Portfolio Inception Date reflected in this performance summary. Performance that precedes Investment Division Inception has been modified to reflect Separate Account and Fund annual expenses as if the policy had been available during the periods shown. The New York Life Elite Variable Annuity differs from many other variable annuity policies in that the Mortality and Expense Risk and Administrative Costs Charge (M&E) is calculated as a percentage of your Adjusted Premium Payments under the policy (excluding premiums allocated to the Fixed Account), rather than as percentage of Separate Account assets. Therefore, the 1.70% M&E charge is not reflected in the performance of the Investment Divisions, but will be deducted quarterly by reducing the number of Accumulation Units in the Investment Divisions you have selected. Since market performance is reflected through fluctuations in the value of an Accumulation Unit, owning fewer Accumulation Units over time will result in a gradual reduction in the value of the Policy, regardless of market performance, when compared to the result of a traditional charge structure. Please refer to your prospectus for more details. The New York Life Elite Variable Annuity invests in New York Life Insurance and Annuity Corporation (NYLIAC) Variable Annuity Separate Account IV.

5 The S&P 500 Index is an unmanaged index and is widely regarded as the standard for measuring Large-Cap U.S. stock market performance. 11 On February 10, 2025, shares of each of the MFS Investors Trust, MFS Research Series, and the BNY Mellon IP Technology Growth Portfolios ("Replaced Portfolios") were substituted with shares of the NYLIM VP MFS Investors Trust, NYLIM VP MFS Research Portfolio, and NYLIM VP Newton Technology Growth Portfolio ("New Portfolios"), respectively. As of the date of the substitutions, each of the New Portfolios had substantially similar Investing objectives, principal investment strategies, and principal risks as the corresponding Replaced Portfolios. In addition, the investment adviser of each of the Replaced Portfolios became the sub-adviser of the corresponding New Portfolios and New York Life Investments became the investment adviser of the New Portfolios. The Portfolio Inception Dates shown in the table reflect the inception date of the Replaced Portfolios. The inception date of each of the New Portfolios was February 10, 2025 which is also the date the Investment Divisions investing in the New Portfolios were first offered. Performance shown for periods prior to February 10, 2025 reflects performance attributable to the applicable Replaced Portfolio adjusted for Separate Account charges and portfolio expenses as described below.

Performance information less than 1 year has not been annualized.

Historically, certain fees have been assumed or reduced by some of the portfolios. Had these expenses not been assumed or reduced, the total return for these Investment Divisions would have been lower.

Sales of the New York Life Elite Variable Annuity were discontinued. Current policyowners may continue to make premium payments, subject to their contract provisions. Existing policies will continue to be serviced.

New York Life Variable Annuities are long-term retirement products issued by New York Life Insurance and Annuity Corporation ("NYLIAC"), a Delaware Corporation, and offered by NYLIFE Securities LLC, (member FINRA/SIPC) a Licensed Insurance Agency.
