For those investors who are able to bear greater risk in return for the opportunity they provide, alternative investments may be appropriate.

With the Guaranteed Future Income Benefit Rider there will be certain investment division restrictions. These restrictions will limit the amount you can invest in the investment divisions. Once you have allocated your premium payments to your desired investment divisions in compliance with such restrictions or one of the pre-selected asset allocation models, We will automatically rebalance the assets in the investment divisions to your specified premium allocations or to the pre-selected asset allocation models you chose on a quarterly basis so long as they are within the stated limits. Please read the important disclosures regarding the product performance on the following page.

Performance data quoted represents past performance. Past performance is no guarantee of future results. Due to market volatility, current performance may be lower or higher than the figures shown. The investment return and the Accumulation Value of your policy will fluctuate so that a policy, when surrendered may be worth more or less than the premium payment(s). For current to the most recent month-end performance information, please call 1-800-598-2019 or visit www.newyorklife.com.

All performance reflects the percentage change for the period shown, with capital gains and dividends reinvested and includes an annualized Mortality and Expense Risk and Administrative Costs Charge of 1.35% and Fund Company Expenses. A policy service charge of \$30 is not included in these charges, but will be deducted each year from the policy's Accumulation Value on the policy anniversary and upon surrender of the policy. Charges for any optional riders, if reflected, would reduce the performance shown.

Non-Standardized Performance ("Assuming No Surrender") does not reflect the deduction of Surrender Charges.

Standardized Performance ("Assuming Surrender") reflects the maximum Surrender Charge under the policy, with no surrender charge thereafter.

Withdrawals and surrenders may be taxable transactions, and prior to age 59%, may be subject to a 10% IRS penalty. The Investment Divisions offered through the New York Life Income Plus Variable Annuity and described herein are different from mutual funds that may have similar names but are available directly to the general public. Investment results may differ.

All performance reflects the percentage change for the period shown, with capital gains and dividends reinvested and includes an annualized Mortality and Expense Risk and Administrative Costs Charge of 1.35% and Fund Company Expenses. A policy service charge of \$30 is not included in these charges, but will be deducted each year from the policy's Accumulation Value on the policy anniversary and upon surrender of the policy.
