Policy number	Policy owner name
Preferred phone no. Is this a cell phone? ☐ Yes ☐ No	Email

Insured's name *(if different than owner)*

FIRST	M.I.	LAST

STEP 2 Interest Sweep (IS)

Interest Sweep ("IS") provides for the interest earned on monies allocated to the Fixed Account to be transferred from the Fixed Account to any combination of Investment Divisions. Please read the product prospectus for further details regarding Interest Sweep.

On VUL, VUL 2000, VUL Provider, VUL Accumulator, VUL Accumulator Plus, VUL Accumulator II, Market Wealth Plus, SVUL Accumulator, SPVUL and Legacy Creator SPVUL, the total of all transfers, including Interest Sweep, out of the Fixed Account during the policy year cannot be more than 20% of the Fixed Account Cash Value (based upon the value at the beginning of the policy year) or $5,000 (whichever is greater). On SVUL, the total of all transfers, including Interest Sweep, out of the Fixed Account are limited to 10% of the Fixed Account Cash Value (based upon the value at the beginning of the policy year). If the total transfer(s) from the Fixed Account exceeds the maximum allowable amount for the policy year, we will notify you.

The Interest Sweep option cannot be selected if any part of your policy expenses are deducted from the Fixed Account. If you want to elect the Interest Sweep feature and you want to allocate your expenses, you must allocate your expense deduction to the MainStay VP U.S. Government Money Market Investment Division. **If you have selected an Asset Allocation Model portfolio (or, a "Model Portfolio"), for your premium allocation, you cannot select the Interest Sweep option.**

The Fixed Account Cash Value must be maintained at a $2,500 minimum to be elected, and $2,000.00 to continue as scheduled. If the value falls below this minimum, IS will be suspended. If the value then reaches the minimum required, IS will automatically restart on the next scheduled transfer date. If your Fixed Account Cash Value for IS is not at the required minimum at any time, we will notify you.

There are investment division restrictions for the New York Life VUL Accumulator, VUL Accumulator Plus, VUL Accumulator II and SVUL Accumulator products that have elected the Guaranteed Minimum Accumulation Benefit Rider (GMAB). Please see your product prospectus for more details. If you have elected the GMAB rider and are selecting a Model Portfolio, you can only elect the Conservative Model.

2A: Tell us the frequency you would like for the IS transfer(s) to occur.

☐ Monthly ☐ Quarterly ☐ Semi-Annually ☐ Annually

2B: Tell us the date you would like for the first IS transfer to begin.

Transfer(s) may not be scheduled for the 29th, 30th, or 31st of a month.

MONTH DAY YEAR

2C: Tell us the optional IS transfer(s) termination date.

MONTH DAY YEAR

2D: Tell us the allocation alternatives and percentages.

I elect the IS option based upon the following percentages. The selections made below will not change future payment allocations. Any changes to your allocations may not result in the cash value being allocated to more than 21 Investment Options including the Investment Divisions, Fixed Account and DCA Plus/DCA Extension. All Investment Divisions are not offered in all policies. Please refer to your product prospectus for a list of the Investment Divisions available under your policy. **The total of all choices must equal 100%.**

Benefits and values are not guaranteed as to dollar amount and are based on the investment performance of the Investment Division(s) selected. The Investment Divisions are grouped by risk classifications based on the Morningstar classification as of December 31, 2022. Morningstar Inc. is a widely used independent research firm, which ranks mutual funds and other investment companies by overall performance, investment objectives and assets. There is no assurance that any of the Investment Divisions will attain their stated objectives.

Interest Sweep - Dollar Cost Averaging Form

STEP 3 Dollar Cost Averaging (DCA)

This feature will allow you to transfer a specific dollar amount from any Investment Division to any combination of Investment Division(s) and/or the Fixed Account. By electing this option, you authorize us to transfer monies from your Investment Division either on a monthly, quarterly, semi- annual or annual basis. DCA is not available when the DCA Plus Program or DCA Extension Program is in place. The DCA feature cannot be selected if AAR is in effect on your policy or **if you have selected an Asset Allocation Model portfolio (or, a "Model Portfolio"), for your premium allocation. Dollar Cost Averaging does not assure a profit and does not protect against loss in a declining market. Please read the product prospectus for further details regarding DCA.**

The Cash Value must be maintained at a $2,500 minimum for DCA to be elected, and $2,000 to continue as scheduled. If the Cash Value falls below this minimum, this option will be suspended. If the Cash Value then reaches the minimum, DCA will automatically restart on the next scheduled transfer date. If the Cash Value is not at the required minimum, we will notify you.

3A: Tell us the frequency you would like for the DCA transfer(s) to occur.

☐ Monthly ☐ Quarterly ☐ Semi-Annually ☐ Annually

3B: Tell us the date you would like for the first DCA transfer to begin.

Transfers may not be scheduled for the 29th, 30th, or 31st of a month.

MONTH | DAY | YEAR

3C: Tell us the optional DCA termination date.

MONTH | DAY | YEAR

If no termination date is indicated, DCA will continue until the entire balance of the Investment Division has been transferred.

3D: Tell us the allocation alternatives and dollar amounts.

I elect the Dollar Cost Averaging option based upon the following dollar amounts from and to the Investment Division(s). **The minimum transfer amount is $100 into each Investment Division and/or Fixed Account. Dollar Cost Averaging transfers are not available from the Fixed Account(s).** Any changes to your allocations may not result in the Accumulation Value being allocated to more than 21 Investment Options including the Investment Divisions, Fixed Account and DCA Plus/DCA Extension. All Investment Divisions are not offered in all policies. Please refer to your product prospectus for a list of the Investment Divisions available under your policy.

Benefits and values are not guaranteed as to dollar amount and are based on the investment performance of the Investment Division(s) selected. The Investment Divisions are grouped by risk classifications based on the Morningstar classification as of December 31, 2022. Morningstar Inc. is a widely used independent research firm, which ranks mutual funds and other investment companies by overall performance, investment objectives and assets. There is no assurance that any of the Investment Divisions will attain their stated objectives.

Please indicate your transfer(s) using whole dollar amounts. The total dollar amounts in the "Transfer From" and "Transfer To" column must be equal.
