Important Tax Information: If you withdraw funds from your New York Life IRA and plan to redeposit the funds into any IRA, please be aware that you are allowed to make only one rollover from an IRA to another IRA in any 12-month period, regardless of the number or types of IRAs you own. If you redeposit the funds into a New York Life IRA, you certify that: (1) the contribution qualifies as a rollover contribution pursuant to Internal Revenue Code section 408(d)(3) and the applicable regulations, (2) you made the rollover contribution within 60 days after the day you received the funds, and (3) including the rollover contribution, you have not made more than one indirect (i.e., 60 day) rollover from an IRA to another (or the same) IRA in the previous 12 months regardless of the number or type of IRAs you own. If any of the above information is not correct, you will notify New York Life within 30 days of the date of the rollover contribution.

Note: For policy owners of a Universal Life policy who are requesting this partial surrender and are on an active Chronic Care Rider claim: if taken, this policy loan/partial withdrawal will result in the loss of your Chronic Care Rider and you will stop receiving monthly accelerations.

For policy owners of a Universal Life policy who are requesting any partial surrender, the No Lapse Guarantee Rider or the Lapse Protection Benefit Rider could fall off the policy.

For policy owners of a Custom Guarantee Universal Life policy, any partial surrender you take may decrease your Money Back Option Rider surrender value or eligibility. In New York, this rider is referred to as the Premium Back Option Rider.

For policy owners of a Target Life or Universal Life policy, we will deduct a \$25 processing fee from the cash value for each partial surrender taken.

For policy owners of Asset Preserver or Asset Flex (except AD120 Asset Flex), this withdrawal will result in the loss of your Money Back Guarantee and Minimum Benefit Guarantee.

Important Federal Income Tax Withholding Information

This information is required to carry out the Internal Revenue laws of the United States and to provide you with some basic information about withholding of Federal income tax from your payment under the policy specified in the Income Tax Withholding Election section.

A withdrawal may result in a taxable gain reportable to the IRS. Generally, Federal withholding applies to taxable payments made from pension, profit-sharing, stock bonus, annuity and other employer deferred compensation plans, individual retirement arrangements (IRA), and commercial annuities (which include individual annuity, life insurance and endowment policies). If you make a withdrawal before you reach age 59½, you also may be subject to a 10% penalty tax on any taxable gain. This would be in addition to any income tax you may be subject to on that taxable gain. If you take a distribution from a SIMPLE IRA during the 2-year period beginning on the date you first participated in the SIMPLE IRA plan, the penalty tax described above is increased from 10% to 25%. Please consult a professional tax advisor for more information on this tax penalty and for exceptions to this rule.

Federal income tax must be withheld at a 10% rate unless you elect not to have withholding apply to the taxable portion of your payment. You can make this election by checking the appropriate box in the Income Tax Withholding Election section. U.S. citizens living outside the United States cannot elect out of withholding. Generally, your election as to whether taxes are or are not to be withheld will apply to any other payment from the same policy. You may change this election at any time. To change your previous election, check one of the boxes in the Income Tax Withholding Election section.

Even if you elect not to have Federal income tax withheld, you are liable for payment of such tax on the taxable portion of your payment. There are penalties under the estimated tax payment rules if enough tax has not been paid through either estimated tax payments or withholding. As noted above, there is also an additional 10% tax penalty imposed by the IRS that applies to certain policy gains on premiums paid after December 31, 1982 for withdrawals before you reach age 59½.

If the taxable portion of a payment when added to the taxable portion of all other payments during the year is less than \$200, Federal income tax is not required to be withheld.

We will not withhold Federal income tax if the payment is being made to the Trustees of a qualified pension or profit sharing plan.

One Indirect Rollover Per Year Rule (Applies to Traditional, Roth, SEP and SIMPLE IRAs)

Beginning January 1, 2015, you can make only one rollover from an IRA to another (or the same) IRA in any 12-month period, regardless of the number or types of IRAs you own (see IRS Announcement 2014-32). Generally, a rollover is a tax-free withdrawal of all or part of the assets from one IRA that you contribute (roll over) within 60 days to another (or the same) IRA. You can, however, continue to make an unlimited number of trustee-to-trustee transfers (transfers directly between IRAs). You can also make an unlimited number of rollovers from traditional IRAs to Roth IRAs ("conversions"). If you are considering requesting a distribution from your IRA for rollover to another IRA, you should strongly consider a trustee-to-trustee transfer instead. Please consult your tax advisor prior to effecting a rollover.

Please consult your tax advisor for complete details of the rules stated above.
